

Adopted: _____
Revised: 2016

715A EARLY ADMISSION TO KINDERGARTEN

I. PURPOSE

State law requires that Kindergarten students must attain the age of five years on or prior to September 1 of the enrollment year, unless the local school board has adopted a policy for early enrollment in select cases. STRIDE Academy's mission is to provide all students with a rigorous, rich, and challenging education. Some students with exceptionally advanced abilities may require placement beyond their traditionally scheduled grade level. The purpose of this policy is to explain criteria for early admission to Kindergarten at STRIDE Academy.

II. GENERAL STATEMENT OF POLICY

STRIDE Academy recognizes that beginning school before the age of five may be appropriate for some children and therefore allows early enrollment in Kindergarten in select cases.

III. OTHER CONDITIONS

To be considered for early admission to kindergarten, a student must turn five years old on or before October 31st of that kindergarten year.

Additionally, in order to be eligible for early admission consideration, components 1 through 3 must be completed by the enrollment deadline. The information will be reviewed and components 4 and 5 will be discussed at that time. If components 1 through 3 are not completed by the enrollment deadline, the child will not be included in the admission lottery. If components 1 through 3 are met, component 5 must be completed within one week following the enrollment deadline, before the admission lottery.

- 1) STRIDE Academy requires the child undergo a comprehensive psychological, developmental, and academic evaluation performed by a licensed psychologist, school psychologist, or relevant school officials responsible for academic testing. The school may request to see results for a variety of assessments. The child must achieve a measured score in the superior range (such as IQ is measured as 120 or above) on a nationally- normed standardized intellectual and/or academic assessment test appropriate for 3 to 5 year olds such as but not limited to:
 - Woodcock-Johnson Tests of Early Cognitive and Academic Development
 - Wechsler Intelligence Scales for Children
 - Stanford-Binet Intellectual Assessment Scale (5th Edition)
 - Stanford-Binet, Form L-M,

- Reynolds Intellectual Assessment Scales
- Kaufman Assessment Battery for Children (2nd Edition)
- Differential Ability Scales

- 2) The child must be recommended for early admission to Kindergarten by the psychologist and/or school official responsible for testing. The parent/guardian is solely responsible for the cost of any evaluations. This requirement may be waived upon mutual agreement of the parents and faculty of STRIDE Academy.
- 3) The child must have attended a formal preschool or other non-home educational setting and must be recommended by the staff of this other program for early admission to Kindergarten through our short questionnaire about the child's development. The child's teacher must complete STRIDE Academy's Child Development Questionnaire. The parent should give the questionnaire to their child's teacher with a stamped addressed envelope so that the teacher can return the questionnaire directly to STRIDE Academy.
- 4) The child must be physically and developmentally capable of the demands and activities of the school day (i.e. toilet, lunch, physical education routines, following a sequence of directions, etc.) STRIDE Academy may ask the parent to provide physician certification for this capability.
- 5) The child must undergo a skills and developmental screening based on the curriculum of our Kindergarten program. STRIDE Academy is looking for 70-80% mastery of STRIDE Kindergarten year-end benchmarks in order to approve early admission. This must happen within a week of the enrollment deadline, before the lottery is held.

IV. PLACEMENT DECISIONS

Decisions for consideration for Early Admission to Kindergarten will be made by the school administration with input from the school psychologist and Kindergarten teachers. The decision of the administration is final. **Note:** All decisions for early admission to Kindergarten are provisional (i.e., on a trial basis). If it is later determined by the faculty and the administration that the early admission is not resulting in a successful outcome, placement at STRIDE Academy may need to be reconsidered. Parents/Guardians will be required to sign agreement to the above terms at the time they apply for Early Admission to Kindergarten.
