### *Arrival and Dismissal Procedures*

In the best interest of the safety and well-being of all students, we are asking our families to follow the STRIDE arrival and dismissal procedures.

#### **Before School:**

- All Students will enter through door 20S.
- **Breakfast will be served from 7:45 to 8:20. Students being dropped off MUST arrive before 8:00 if eating breakfast.** Students who will be eating breakfast must go to the lunchroom for breakfast **before** going to their classroom.
- **School day begins at 8:20.**
- Students should NOT arrive at school prior to 7:45 a.m.
- Students who arrive between 7:45 and 8:15 will be supervised in the west gym.
- If you are dropping your child off in the morning without walking into the building, please respect other drivers and keep the flow of traffic moving. If you need additional time, please park your car. **Please DO NOT stop or park your car in any of the traffic lanes.**
- **Students arriving after 8:30 AM will need to stop at the front office for a late slip.**

#### **After School:**

- The instructional day ends at 3:05.
- **All students must be picked up no later than 3:15.**
- Parent Pick-up: All families will be provided a parent pick-up number that must be visible from the rearview mirror for the staff member to see. Once the staff recognizes the number and deems it safe, the student(s) will be escorted to that car. This will require all parents using this system to remain in single file for the flow of traffic to be continuous. Staff will only release children if and when cars are not moving and when the number is clearly visible.
- **If you need to walk in the building, you must park your car in the parking lot.**
- Parent pick-up will be on the east side parking lot and buses will be on the west side. No parents should park in the bus lanes at any time. Parents should exit the parking lot and drive toward the east on Oakham Lane.
- **Please DO NOT stop or park your car in any of the traffic lanes.**
- For the safety of your child, if you are making a change to the end of the day transportation, a note, email, or phone call must be provided to the office or homeroom teacher. Please call the office (320.230.5340) **BEFORE 2:00 p.m.** in order to allow enough time for delivery to the homeroom teacher.

If you plan to pick up your children prior to the 3:05 dismissal, it is necessary for you to come to the office and sign them out. They will be dismissed from the office only.

### ***Calendar***

The school calendar is adopted annually by the school board. A copy of the school calendar can be found on the school district's website at [www.strideacademy.org](http://www.strideacademy.org).

### ***Complaints***

Students, parents/guardians, employees, or other persons may report concerns or complaints to the school district. Complaints may be either written or oral. People are encouraged, but not required, to file a written complaint at the building level where appropriate. The appropriate administrator will respond in writing to the complaining party regarding the school district's response to the complaint.

### ***Flexible eLearning Days***

In the event of a school closure due to inclement weather, learning expectations for all students may continue through a Flexible eLearning day. This day refers to a school day where teachers and students communicate online instead of coming to school or set up prior learning expectations, and students continue their learning from home. On a Flexible eLearning day, teachers will share assignments and hold office hours in which they are available to provide learning support to students. A Flexible eLearning day serves as a student contact day. The Flexible eLearning day plan is built upon the best work practices already occurring in school districts across Minnesota while adhering to Minnesota Statutes. This plan has been developed in cooperation with STRIDE Academy teaching staff.

### **MN State Statute 120A.41 Background Information**

The Minnesota Department of Education (MDE) e-Learning days statute outlines how Minnesota school districts can implement

these instructional days. According to the statute:

- Definition: e-Learning day means a school day where a school offers full access to online instruction provided by students' individual teachers due to inclement weather.
- Each student's teacher must be accessible both online and by telephone during normal school hours on an e-learning day to assist students and parents.
- Notify parents and students at least two hours prior to the normal school start time that students need to follow the Flexible eLearning day plan for that day.
- Notify parents and students of the e-Learning day plan at the beginning of the school year.
- Accommodations for students without sufficient access to the Internet, hardware or software in their homes. (School administration, teachers, and other staff continually work with families to ensure equitable access to online learning resources.)

### **How will a Flexible eLearning Day be communicated to parents and students?**

Parents/Guardians will receive an automated phone call via the School Messenger program with both an audio message and an email. STRIDE Academy follows District 742's (St. Cloud) lead on Flexible eLearning Days. Notification will also be posted to the STRIDE Academy web page, [www.strideacademy.org](http://www.strideacademy.org), as soon as possible when school is closed for the day. Students should not report to school but should engage in Flexible eLearning activities as assigned.

### **How will teachers communicate eLearning instructions and expectations?**

Teachers will have provided instruction via E-Learning Folders. Every STRIDE Student has been provided a blue Flexible E-Learning folder. These will include accessible instructions for students with disabilities under chapter 125A and meet the needs of each student's Individual Education Plan (IEP)/504 plans. All licensed staff will participate in professional development regarding the Flexible eLearning days plan to maximize student learning.

**When will teachers be available?**

Teachers will communicate with parents/guardians regarding how students can get help (or ask questions) about their Flexible eLearning day assignments via the students' Flexible eLearning folder. Teachers will be available to students from 9 am - 11:00 a.m. Teachers can opt to deliver Flexible eLearning instruction from off-campus or in their classroom. Specialists and case managers will also be available via email for support. All licensed staff are required to work on an Flexible eLearning day or take personal or sick leave as appropriate, subject to supervisor approval.

**Is attendance taken for a Flexible eLearning Day?**

Yes.

- K- 4 Attendance - students will be marked present by completing the assigned learning options.
- 5-8 Attendance - students will be marked present by completing the assigned learning options.

Attendance must be verified for each class. Students who do not participate in planned activities are considered absent for those class(es) and are reported as absent just as if they were not present for an on-campus class.

**Can families choose to opt-out of Flexible eLearning days?**

Students whose family chooses not to participate in the Flexible eLearning day are reported as absent. Absences reasons that fall under the current policy as excused will be marked as excused (503. Student Attendance Policy. All other absences will be considered unexcused unless the student completes the Flexible eLearning assignments within one week. If there are extenuating circumstances, the principal may review the absence.

**How will students be expected to “make up” their learning if not in attendance?**

Students will be responsible for completing the required work independently as they would in any situation where they may have been absent from school. Students will have one week to complete Flexible eLearning assignments.

**What if the Governor cancels schools across MN on a Flexible eLearning Day?**

If the Governor cancels school statewide, there will not be a Flexible eLearning day, and teaching staff will not report to work.

**Is technology required for Flexible eLearning days?**

No. All instructions will be delivered via written instructions in their Flexible eLearning folder.

**How will the Flexible eeLearning day affect activities?**

In general, when school is closed, all activities are canceled.

**How should Flexible eLearning days be reported in Minnesota Automated Reporting Student System (MARSS)?**

Flexible eLearning days are reported as regular instructional days on the MARSS School File. Students enrolled on an e-learning day would generate one day of membership. The length of the school day will be reported as the same length that was originally scheduled had the students attended at the school site.

***Employment Background Checks***

The school district will seek criminal history background checks for all applicants who receive an offer of employment with the school district. The school district also will seek criminal history background checks for all individuals, except enrolled student volunteers, who are offered the opportunity to provide athletic coaching services or other extracurricular academic coaching services to the school district, regardless of

whether compensation is paid. These positions include, but are not limited to, all athletic coaches, extracurricular academic coaches, assistants, and advisors. The school district may elect to seek criminal history background checks for other volunteers, independent contractors, and student employees.

### ***Equal Access to School Facilities***

The school district has created a limited open forum for secondary students to conduct non curriculum-related meetings during non instructional time. The school district will not discriminate against or deny equal access or a fair opportunity on the basis of the religious, political, philosophical, or other content of the speech at such meetings. These limited open forum meetings will be voluntary and student initiated; will not be sponsored by school employees or agents; employees or agents of the school will be present at religious meetings only in a non participatory capacity; the meetings will not interfere with the orderly conduct of educational activities within the school; and nonschool persons will not direct, control, or regularly attend activities of student groups. All meetings under this provision must follow the procedures established by the school district.

### ***Fees***

Materials that are part of the basic educational program are provided with state, federal, and local funds at no charge to a student. Students ***are*** expected to provide their own pencils, pens, paper, erasers, notebooks, and other personal items. Students may be required to pay certain other fees or deposits, including (not an inclusive list):

- Admission fees or charges for extracurricular activities, where attendance is optional and where the admission fees or charges a student must pay to attend or participate in an extracurricular activity are the same for all students, regardless of whether the student is enrolled in a public or a home school.
- Cost for materials for a class project that exceeds minimum requirements and is kept by the student.
- Security deposits for the return of materials, supplies, or equipment.
- Personal physical education and athletic equipment and apparel.
- Items of personal use or products that a student has an option to purchase such as student publications, class rings, annuals, and graduation announcements.
- Field trips considered supplementary to the district's educational program.
- Admission fees or costs to attend or participate in optional extracurricular activities and programs.
- Voluntarily purchased student health and accident insurance.
- Use of musical instruments owned or rented by the school district.
- A school district-sponsored driver or motorcycle education training course.
- Transportation to and from school for students living within two miles of school.
- Transportation of students to and from optional extracurricular activities or post-secondary instruction conducted at locations other than school.

Students will be charged for textbooks, workbooks, and library books that are lost or destroyed. The school district may waive a required fee or deposit if the student and parent/guardian are unable to pay. For more information, contact Dr. Eric Skanson.

### ***Food in the Classrooms***

Students are encouraged to drink water during the school day. If they wish to carry water with them, it must be in a clear water bottle and not contain any flavored additives. No carbonated beverages will be allowed during the school day. Having a water bottle in class is a privilege and teachers may use their discretion.

All STRIDE Academy classrooms are nut-free. ONLY nut-free snacks are allowed into classrooms.

**Birthday Snacks Brought to School:**

- We encourage you to consider healthy snacks, or pencils, stickers, etc as ‘treats’. **We will not accept cakes, cupcakes, cookies, and candy to be brought in for birthday treats.**
- Students are not allowed to drink soda or juice boxes in the classrooms.

**Snacks:**

- All snacks should be nutritious (i.e. fruit, crackers, and cheese, etc.) and in accordance with the Wellness Policy.
- Snacks must be nut-free.
- Students are not allowed to drink soda or juice boxes.

***Fundraising***

All fundraising activities conducted by student groups and organizations and/or parent groups must be approved in advance by the District Administration. Participation in non approved fundraising activities is a violation of school district policy. Solicitations of students or employees by students for nonschool-related activities will not be allowed during the school day.

***Gifts to Employees***

Employees are not allowed to solicit, accept, or receive a gift from a student, parent, or other individual or organization of greater than nominal value. Parents/guardians and students are encouraged to write letters and notes of appreciation or to give small tokens of gratitude.

***Graduation Ceremony (8th Grade)***

Student participation in the graduation ceremony is a privilege, not a right. Students who have completed the requirements for graduation are allowed to participate in graduation exercises, unless participation is denied for appropriate reasons, which may include discipline. Graduation exercises are under the control and direction of the principal(s).

***Holiday Celebrations and Parties***

**[NOTE: Include information about holiday observances, classroom holiday parties, and procedures for excusing students from these celebrations here.]**

***Interviews of Students by Outside Agencies***

Students may not be interviewed during the school day by persons other than a student’s parents/guardians or school district officials, employees, and/or agents, except as provided by law and/or school policy.

***Library and Media Center***

The library/media center is open during school hours. Students may use the library/media center during the school day and before and after school only when a supervisor is present.

***Lunch***

Lunch is to be eaten in designated areas only. Lunch times vary by classroom. Students will be notified of their assigned lunch time on the first day of school.

Students may receive a lunch at school or bring a prepared lunch from home. Milk will be available to supplement lunches brought from home.

STRIDE Academy will offer FREE breakfast AND lunch to all students, as part of the community eligibility provision. If a student is bringing a lunch from home, but chooses to take milk from school, they will be charged for the milk.

### ***Messages to Students***

Office telephones are not for students' personal use. Students will not be called out of class to receive phone messages except in the event of an emergency. Personal cell phone use during the instructional day is prohibited.

### ***Nondiscrimination***

The school district is committed to inclusive education and providing an equal educational opportunity for all students. The school district does not discriminate on the basis of race, color, creed, religion, national origin, sex, marital status, parental status, status with regard to public assistance, disability, sexual orientation, including gender identity and expression, or age in its programs and activities. The school board has designated **[include title, name, office address, and telephone number here]** as the district's human rights officer to handle inquiries regarding nondiscrimination.

### ***Notice of Violent Behavior by Students***

The school district will give notice to teachers and other appropriate school district staff before students with a history of violent behavior are placed in their classrooms. Prior to giving this notice, district officials will inform the student's parent or guardian that the notice will be given. The student's parents/guardians have the right to review and challenge their child's records, including the data documenting the history of violent behavior.

### ***Parent and Teacher Conferences***

Parent/Teacher conference dates and times are as following:

- **October 8, 2024:** 3:30pm-7:30pm
- **October 15, 2024:** 3:30pm-7:30pm
- **February 11, 2025:** 3:30pm-7:30pm
- **February 18, 2025:** 3:30pm-7:30pm

For more information on school conferences, contact school administration.

### ***Parent Volunteers***

Parents/guardians are welcome in the schools and are encouraged to volunteer in their children's classrooms. To volunteer in the school building or classroom, parents/guardians should contact the School Administration.

For the safety and well-being of all children, the following guidelines regarding visitors in the building have been developed:

- All visitors, including parents and volunteers, must check-in at the school office and receive a badge. Anyone not wearing a badge will be escorted to the office to receive one.
- Children visiting (former students, relatives or friends wishing to visit STRIDE Academy) need prior approval from classroom teacher and principal, as these types of visits are a distraction from the learning environment for students. Children must be accompanied by an adult and sponsored by a teacher.

### ***Pledge of Allegiance***

Students will recite the Pledge of Allegiance to the flag of the United States of America daily via morning announcements. Any person who does not wish to participate in reciting the Pledge of Allegiance for any personal reason may elect not to do so. Students must respect another person's right to make that choice. Students will also receive instruction in the proper etiquette toward, correct display of, and respect for the flag.

### *Schedule*

**[NOTE: A schedule is needed to ensure smooth operation of the school. The daily school schedule is often building specific and within the building principal's authority to determine. Information on daily class schedules and deadlines for schedule changes, etc., may be added here.]**

### *School Activities*

The school district provides opportunities for students to pursue special interests that contribute to their physical, mental, and emotional health. Formal instruction is the school district's priority.

Students who participate in school-sponsored activities are expected to responsibly represent the school and community. All rules pertaining to student conduct and student discipline apply to school activities.

All spectators at school-sponsored activities are expected to behave appropriately. Students and employees may be subject to discipline. Parents/guardians and other spectators may be subject to sanctions for inappropriate, illegal, or unsportsmanlike behavior at these activities or events.

### *School Closing Procedures*

School may be canceled when the Executive Director believes severe weather or other circumstances threaten the safety of students and employees. In case of inclement weather, it is advised for families to watch for STRIDE Academy's response on school closings, late starts, or early release announcements. **If the St. Cloud School District announces a change for inclement weather, we follow that district.** We will post these announcements on:

- STRIDE Academy Website
- Skylert Message (phone call/email home)
- Facebook
- Local Radio/Television Stations

### *Searches*

In the interest of student safety and to ensure that schools are drug free, district authorities may conduct searches. Students violate school policy when they carry contraband on their person or in their personal possessions or store contraband in desks, lockers, or vehicles parked on school property. "Contraband" means any unauthorized item, the possession of which is prohibited by school district policy and/or law. If a search yields contraband, school officials will seize the item(s) and, when appropriate, give the item(s) to legal officials for ultimate disposition. Students found to be in violation of this policy are subject to discipline in accordance with the school district's "Student Discipline" policy, which may include suspension, exclusion, expulsion, and, when appropriate, the student may be referred to legal officials.

### *Lockers and Personal Possessions Within a Locker*

Under Minnesota law, school lockers and cubbies are school district property. At no time does the school district relinquish its exclusive control of lockers provided for students' convenience. School officials may inspect the interior of lockers for any reason at any time, without notice, without student consent, and without a search warrant.

Students' personal possessions within a school locker may be searched only when school officials have a reasonable suspicion that the search will uncover evidence of a violation of law or school rules. As soon as practicable after the search of a student's personal possessions, the school officials will provide notice of the search to students whose lockers were searched, unless disclosure would impede an ongoing investigation by police or school officials.

**Only 5<sup>th</sup>-8<sup>th</sup> grade students are allowed to have locks on their lockers, if they so choose. Only locks provided by the school are allowed on lockers. Any unapproved locks (locks brought from home) will be removed. Locks will be returned to STRIDE Academy at the end of the school year. Remember to never**

share combinations with others. If your locker or lock is not functioning properly, please report this to the office staff or the teacher.

***Desks***

School desks are school district property. At no time does the school district relinquish its exclusive control of desks provided for students' convenience. School officials may inspect the interior of desks for any reason at any time, without notice, without student consent, and without a search warrant.

***Personal Possessions and Student's Person***

The personal possessions of a student and/or a student's person may be searched when school officials have a reasonable suspicion that the search will uncover a violation of law or school rules. The search will be reasonable in its scope and intrusiveness.

***Student Publications and Materials***

The school district's policy is to protect students' free speech rights while, at the same time, preserving the district's obligation to provide a learning environment that is free of disruption. All school publications are under the supervision of the building principal and/or sponsor. Non School-sponsored publications may not be distributed without prior approval.

***Distribution of Non School-Sponsored Materials on School Premises***

The school district recognizes that students and employees have the right to express themselves on school property. This protection includes distributing nonschool-sponsored material, subject to school district regulations and procedures, at a reasonable time and place and in a reasonable manner.

***School-Sponsored Media***

The school district may exercise editorial control over the style and content of student expression in school-sponsored media as defined in Policy 512 and activities. Student media advisers shall supervise student writers to ensure compliance with the law and school district policies. Students producing school-sponsored media and participating in school activities will be under the supervision of a student media adviser and the school principal.. Expression in school-sponsored media or school-sponsored activity is prohibited when the material:

1. is obscene to minors;
2. is defamatory;
3. is profane, harassing, threatening, or intimidating;
4. constitutes an unwarranted invasion of privacy;
5. violates federal or state law;
6. causes a material and substantial disruption of school activities;
7. is directed to inciting or producing imminent lawless action on school premises or the violation of lawful school policies or rules, including a policy adopted in accordance with Minnesota Statutes, section 121A.03 or 121A.031;
8. advertises or promotes any product or service not permitted for minors by law;
9. expresses or advocates sexual, racial, or religious harassment or violence or prejudice; or
10. is distributed or displayed in violation of time, place, and manner regulations.

Expression in school-sponsored media or school-sponsored activity is subject to school district editorial control over the style and content when the school district's actions are reasonably related to legitimate pedagogical concerns. School-sponsored media may be distributed at reasonable times and locations.

### ***Student Records***

Student records are classified as public, private, or confidential. State and federal laws protect student records from unauthorized inspection or use and provide parents/guardians and eligible students with certain rights. For the purposes of student records, an "eligible" student is one who is 18 or older or who is enrolled in an institution of post-secondary education. For more information on the rights of parents/guardians and eligible students regarding student records, see "Student Records" (*Appendix 3*). A complete copy of the school district's "Protection and Privacy of Pupil Records" policy may be obtained at [www.strideacademy.org](http://www.strideacademy.org).

### ***Student Surveys***

Occasionally, the school district utilizes surveys to obtain student opinions and information about students.

### ***Transportation of Public School Students***

Students must ride on their assigned bus only. According to District 742 transportation guidelines, students are **not permitted** to ride a bus other than the one they are assigned. They may not switch buses nor ride to a friend's home on a different bus. This policy is an issue of safety. Contact District 742 and STRIDE if any changes are needed in your transportation needs.

### ***Video and Audio Recording***

#### **School Buses**

All school buses used by the school district may be equipped for the placement and operation of a video camera. The school district will post a notice in a conspicuous location informing students that their conversations or actions may be recorded. The school district may use a video recording of the actions of student passengers as evidence in any disciplinary action arising from the students' misconduct on the bus.

#### **Places Other Than Buses**

The school district buildings and grounds may be equipped with video cameras. Video surveillance may occur in any school district building or on any school district property. Video surveillance of locker rooms or bathrooms will only be utilized in extreme situations, with extraordinary controls, and only as expressly approved by the superintendent.

## ACADEMICS

### ***Cheating and Plagiarism***

Cheating and plagiarism are prohibited. Students who cheat or commit plagiarism on any test or assignment will be given a failing grade for that test or assignment and will be disciplined in accordance with the school district's Student Discipline policy.

### ***Extended School Year Opportunities***

The school district provides extended school year opportunities to a student who is the subject of an Individualized Education Program (IEP) if the student's IEP team determines the services are necessary during a break in instruction in order to provide a free and appropriate public education. For more information on extended school year opportunities for students with an IEP, contact the school special education coordinator.

### ***Field Trips***

Field trips may be offered to supplement student learning in which students voluntarily participate and, if so, students who participate may be charged. Students will not be required to pay for instructional trips that take place during the school day, relate directly to a course of study, and require student participation.

### ***Grades***

Students' grades will be reported at the end of each trimester (*three times*) during the year. Report cards will be emailed via skyward for review. Online grade reports may be reviewed at [www.strideacademy.org](http://www.strideacademy.org)

### ***Homework***

Homework assignments are made by the teachers. The amount of homework varies by teacher and subject area. The school district asks parents/guardians to encourage their child(ren) to complete homework thoroughly and promptly.

### ***Promotion and Retention***

All students are expected to achieve an acceptable level of proficiency. Students who achieve at an acceptable level will be promoted to the next grade level at the completion of the school year. Retention of a student may be considered when professional staff and parents/guardians feel that it is in the best interest of the student. The superintendent's decision will be final. The district has a variety of services to help students succeed in school. For more information, contact the school administration.

### ***Parent Right to Know***

If a parent requests it, the school district will provide information regarding the professional qualifications of his/her child's classroom teachers, including, at a minimum, the following:

1. whether the teacher has met state qualifications and licensing criteria for the grade levels and subject areas in which the teacher provides instruction;
2. whether the teacher is teaching under emergency or other provisional licensing status through which state qualification or licensing criteria have been waived;
3. the baccalaureate degree major of the teacher and any other graduate certification or degree held by the teacher, and the field of discipline of the certification or degree;
4. whether the student is provided services by paraprofessionals and, if so, their qualifications.

In addition, the school district will provide parents with information as to the level of achievement of their child in each of the state academic assessments. The school district will provide notice to parents if their child has been assigned to, or taught for four or more consecutive weeks by, a teacher who is not highly qualified.

## **RULES AND DISCIPLINE**

### ***Attendance***

Regular school attendance is directly related to success in academic work, benefits students socially, provides opportunities for important communications between teachers and students, and establishes regular habits of dependability.

MN Compulsory School Attendance Law (Minn. Stat. § 120A.22) states that children between the ages 7 - 18, and ages 5 and 6 if they are enrolled, must attend school every day on time unless lawfully excused by the school. STRIDE Academy believes regular school attendance is vital for the child to experience optimum success at school and throughout life. Attendance habits developed in childhood often carry over into later school years and influence attitudes about work responsibility in later life. It is important that parents carefully consider any condition or activity that will keep the child out of school. Routine visits to doctor, dentists, etc., should be made after school hours, if possible. Parents are urged to consider the school calendar carefully when planning family vacations.

### **Important Notes Regarding Attendance**

- Attendance is taken in every classroom at approximately 8:40 a.m.
- **Please call the office before 9:00 a.m. when your child is absent.**
- Calls will be made home throughout the day in order to verify absences.
- Parents must send a note to the office or call the office in order to excuse absences.
- Students are expected to be in their assigned area at designated times. Failure to do so constitutes tardiness.

**Excused Absences:** Regular attendance in school is a critical factor in student progress. The burden of a child being excused from school is placed on the parent/guardian. The school has the right to accept or not accept an excused absence. The school can reject invalid or unacceptable excuses from school. If it appears a parent/guardian is requesting that the school excuse excessive absences or keep a child home for unacceptable reasons, the school has the responsibility to collect data and report excessive absences as truant to the proper authorities.

### **Examples of Acceptable Reasons for Absenteeism:**

- Illness (The school may request medical verification.)
- Doctor, dentist, mental health or other medical appointment. We encourage parents to make appointments before or after school. (Medical note is required for medical excuse)
- Religious holidays
- Extreme family emergencies (house fire, serious accident)
- Death in the immediate family

**Unexcused absences** may result in a truancy petition. We will monitor attendance closely and report truancy as mandated by state law. We will work collaboratively with County agencies to assist in resolving issues that result in truancy petitions.

### **Examples of Unacceptable Reasons for Absenteeism:**

- Staying home to baby-sit, “needed at home”
- Missed the bus, no way to get the student to school
- Student overslept or is “having a bad day”
- Travel, family vacations without prior approval
- Weather is too cold, too hot, too stormy
- Student has nothing to wear
- 7 unexcused tardies = 1 full unexcused day

**Family Vacations/Camps:** Children attending STRIDE Academy are expected to plan family vacations around the school calendar. Family vacations are not routinely accepted as excused absences. The Prior Approval Form must be completed and pre-approved by the building principal in order to receive an excused absence for family vacations during STRIDE Academy school attendance days. The form is available at the main office.

Parents will receive a letter home reminding them of the attendance policy. If the excessive absences continue, parents will be required to hand in a doctor's excuse for each absence. Letters are sent out according to the following schedule:

- o When a student reaches the following **unexcused** absences the following steps will be taken:
  - At **3** unexcused absences, an *Attendance Alert Letter* will be sent to parents.
  - At **5** full day unexcused absences we will send an Initial truancy Referral form to the county in which the student resides. This letter is sent directly to the county and they send a notice to the parents.
  - At **7** unexcused absences an Educational Neglect Referral form is sent to the county.

### ***Bullying Prohibition***

The school district is committed to providing a safe and respectful learning environment for all students. Acts of bullying, in any form, by either an individual student or a group of students, are prohibited on school district property, at school-related functions or activities, on school transportation, and by misuse of technology.

### ***Buses – Conduct on School Buses and Consequences for Misbehavior***

Riding the school bus is a privilege, not a right. The school district's general student behavior rules are in effect for all students on school buses. The school district will not provide transportation for students whose transportation privileges have been revoked.

The school district is committed to transporting students in a safe and orderly manner. To accomplish this, student riders are expected to follow school district rules for waiting at a school bus stop and for riding on a school bus.

Students must ride on their assigned bus only. According to District 742 transportation guidelines, students are **not permitted** to ride a bus other than the one they are assigned. They may not switch buses nor ride to a friend's home on a different bus. This policy is an issue of safety. Contact District 742 and STRIDE if any changes are needed in your transportation needs.

### **Transportation Bus Phone Numbers**

**District 742: 320.370.6940**

Bus Safety Training will be provided to all STRIDE Academy students soon after the beginning of school. Training verification slips are required for all students. Free bus safety curriculum and resources are available from the Minnesota Department of Transportation.

While waiting for the bus or after being dropped off at a school bus stop, all students must comply with the following rules:

- Get to the bus stop five minutes before your scheduled pick up time. The school bus driver will not wait for late students.
- Respect the property of others while waiting at the bus stop.
- Keep your arms, legs, and belongings to yourself.
- Use appropriate language.
- Stay away from the street, road, or highway when waiting for the bus.

- No fighting, harassment, intimidation, or horseplay.
- No use of alcohol, tobacco, or drugs.

While riding a school bus, all riders must comply with the following rules:

- Follow the driver's directions at all times.
- Remain seated facing forward while the bus is in motion.
- Talk quietly and use appropriate language.
- Keep all parts of your body inside the bus.
- Keep arms, legs, and belongings to yourself and out of the aisle.
- No fighting, harassment, intimidation, or horseplay.
- Do not throw any object.
- No eating, drinking, or use of alcohol, tobacco, or drugs.
- Do not bring any weapons or dangerous objects on the school bus.
- Do not damage the school bus.

Consequences for school bus/bus stop misconduct will be imposed by the school district under administrative discipline procedures. All school bus/bus stop misconduct will be reported to the school district's transportation safety director. Serious misconduct may be reported to local law enforcement.

STRIDE Academy will follow District 742 Bus Discipline Policies, Guidelines, and Consequences. If a student does not follow the district rules on a bus, the following steps will be taken:

1. The driver will attempt to resolve the problem. Bus rules will be reviewed with students.
2. A seat may be assigned in an attempt to better manage the student's behavior.
3. When the driver is unable to manage a student's behavior, an incident report will be written. This report is used to inform parents and the school of unacceptable behavior.

### ***Cell Phones and Other Electronic Communication Devices***

In our learning environment it is important that students stay focused on their

learning. **Personal electronic devices, including (but not limited to) cell phones and air pods/earbuds, are NOT allowed between 8:00 AM—3:05 PM.**

Should your student need to carry their cell phone for after school communication, it is to be off and out of sight during the school day. Should you need to contact your student during school hours, please call the main line at 320 230 5340. Items that interrupt the learning process or violate District Policy 524 will be confiscated by staff. Repeat offenses will result in administrative consequences including parent/guardian pick up of confiscated items.

**1st offense:** The devices will be confiscated by the classroom teacher and held for the remainder of the school day. The student may pick up their electronic device at the end of the day.

**2nd offense:** Brought up to School Administration and the parent/guardian must pick up.

**3rd offense:** Additional school consequences will take place with parent/guardian involvement.

A school phone is available in every classroom and office for any emergency communication. Our office phone is answered during all hours of school operation and we are happy to facilitate your incoming messages to your children every day. If possible, please make after school arrangements prior to the start of the school day. STRIDE Academy cannot accept responsibility for lost, stolen or damaged electronic devices.

**STRIDE Academy is not responsible for lost or stolen items, including all electronic devices. We advise leaving all electronic devices and valuables at home.**

### ***Discipline***

Misbehavior by one student can disrupt the learning process for many other students. In addition, students must learn to practice good safety habits, value academic honesty, respect the rights of others, and obey the law. For detailed information on the Student Code of Conduct and consequences for violations, see the Student Discipline policy.

### ***Dress and Appearance***

STRIDE Academy establishes an expectation of dress and grooming that creates an environment conducive to learning and reflects attire appropriate for an educational setting. STRIDE Academy reserves the right to address any behaviors or dress that are not appropriate.

- Student clothing must allow identification of the student.
- Jewelry that presents a safety hazard to self and/or others may not be worn or brought to school. Examples include, but are not limited to: chains, spike rings, spike collars or bracelets. approval (i.e., student undergoing chemotherapy, medical situations, religious practice).
- Clothing or accessories with words, graphics or innuendo, that are obscene, vulgar, abusive or discriminatory, may not be worn or brought to school. Examples include, but are not limited to: ethnic, racist, sexual, or sexist remarks/images, such as swastikas, confederate flags, or other symbols of hate.
- Clothing or accessories that promote or advertise alcohol, chemicals, tobacco, or any product that is illegal for use by minors may not be worn or brought to school. Examples include, but are not limited to:
  - Alcohol, Drug and Tobacco logos. “Look alike” logos are also unacceptable.
  - Heavy/winter coats need to be kept in lockers and are not to be worn during the school day.
  - Shoes are to be worn at all times. Health and safety insurance codes are specific in addressing this mandatory requirement.

If a student wears an article of clothing that is considered questionable or repeatedly violates the expectations, they will be asked to change in order to continue their day. If a student does not have something to change into, the student will be provided attire. Continued violations will result in communication home to parent/guardian and could lead to school consequences. Administration reserves the right to determine if clothing is appropriate for school.

STRIDE Academy accommodates students’ free exercise of a sincerely held religious belief by allowing religious attire to be worn in place of a uniform bottom, and requests that it be of a solid color. The dress

code is not intended to and shall not be implemented in a way that promotes a particular religion or particular religious programs.

***Drug-Free School and Workplace***

The possession and use of alcohol, controlled substances, and toxic substances are prohibited at school or in any other school location before, during, or after school hours. Paraphernalia associated with controlled substances also is prohibited. The school district will discipline or take appropriate action against anyone who violates this policy.

District policy is not violated when a person brings a controlled substance that has a currently accepted medical treatment into a school location for personal use if the person has a physician’s prescription for the substance except marijuana is not allowed on school property even if prescribed. Students who have prescriptions must comply with the school district’s “Student Medication and Telehealth” policy. The school district will provide an instructional program in every elementary and secondary school on chemical abuse and the prevention of chemical dependency.

***Internet Acceptable Use***

All school district students have conditional access to the school district’s computer system, including Internet access, for limited educational purposes, including use of the system for classroom activities, educational research, and professional and career development. Use of the school district’s system is a privilege, not a right. Unacceptable use of the school district’s computer system or the Internet may result in one or more of the following consequences: suspension or cancellation of use or access privileges; payments for damages and repairs; discipline under other appropriate school district policies, including, but not limited to, suspension, expulsion, or exclusion; or civil or criminal liability under other applicable laws.

A copy of the school district’s “Internet, Technology, and Cell Phone Acceptable Use” policy is available at [www.strideacademy.org](http://www.strideacademy.org).

Within 30 days of the start of each school year, the school district must give parents and students direct and timely notice, by United States mail, e-mail, or other direct form of communication, of any curriculum, testing, or assessment technology provider contract affecting a student’s educational data. The notice must:

1. identify each curriculum, testing, or assessment technology provider with access to educational data;
2. identify the educational data affected by the curriculum, testing, or assessment technology

provider contract; and

3. include information about the contract inspection and provide contact information for a school department to which a parent or student may direct questions or concerns regarding any program or activity that allows a curriculum, testing, or assessment technology provider to access a student's educational data.

The school district must provide parents and students an opportunity to inspect a complete copy of any contract with a technology provider.

Students will receive a copy of the school district's "Internet, Technology, and Cell Phone Acceptable Use" policy and are expected to understand and agree to abide by the policy as a condition of use of the school district's computer system. All students who wish to use the school district's computer system must sign the Internet Use Agreement form.

### ***Visitors***

Visitors are permitted to park in designated school district visitor parking areas. Unattended vehicles left in other locations on school district property may be towed at the owner's expense.

### ***Tobacco-Free Schools; Possession and Use of Tobacco, Tobacco-Related Devices, and Electronic Delivery Devices; Vaping Awareness and Prevention Instruction***

School district students and staff have the right to learn and work in an environment that is tobacco free. School policy is violated by any individual's use of tobacco, tobacco-related devices, or carrying or using activated electronic delivery devices in a public school, on school grounds, in any school-owned vehicles, or at any school events or activities. Students may not possess any type of tobacco, tobacco-related devices, or electronic delivery devices in a public school, on school grounds, in any school-owned vehicles, or at any school events or activities. Any student who violates this policy is subject to school district discipline. For detailed information on the school district's "Tobacco-Free Environment; Possession and Use of Tobacco, Tobacco-Related Devices, and Electronic Delivery Devices; Vaping Awareness and Prevention Instruction" policy.

A weapon also includes look-alike weapons. Appropriate discipline and action will be taken against any person who violates this policy. The school district does not allow the possession, use, or distribution of weapons by students. Discipline of students will include, at a minimum: immediate out-of-school suspension; confiscation of the weapon; immediate notification of police; parent or guardian notification; and recommendation to the superintendent of dismissal for a period of time not to exceed one year. The building principal shall, as soon as practicable, refer to the criminal justice or juvenile delinquency system, as appropriate, a student who brings a firearm to school unlawfully. A student who brings a firearm to school will be expelled for at least one year, subject to school district discretion on a case-by-case basis. For a copy of the "School Weapons" policy, visit [www.strideacademy.org](http://www.strideacademy.org).

## HEALTH AND SAFETY

### *Accidents*

All student injuries that occur at school, at school-sponsored activities, or on school transportation should be reported to the school nurse and school administration. Parents/guardians of an injured student will be notified as soon as possible. If the student requires immediate medical attention, the principal or other district leader will call 911 or seek emergency medical treatment and then contact the parent(s).

### *Asbestos Management Plan*

The school district has developed an asbestos management plan. A copy of this plan can be found in the **[insert location here]** and is available on the district's website.

### *Crisis Management*

The school district has developed a "Crisis Management" plan. Students and parents will be provided with information as to district- and school-specific plans.

The "Crisis Management" plan addresses a range of potential crisis situations in the school district. The school district has developed general crisis procedures for securing buildings, classroom evacuation, campus evacuation, sheltering, and communication procedures. The school district will conduct lock-down drills, fire drills, and a tornado drill. Building plans include classroom and building evacuation procedures.

### *First Aid*

The nurse's office in each building is equipped to handle minor injuries requiring first aid. If the nurse's office is not open, assistance can be sought from the building's administrative office. If a student experiences a more serious medical emergency at school, 911 will be called and/or a parent/guardian will be contacted depending on the situation.

The district has installed automated external defibrillators (AEDs) in the front entrance area. Tampering with any AED is prohibited and may result in discipline.

### *Communicable Diseases*

To protect other students from contagious illnesses, students infected with certain diseases are not allowed to come to school while contagious. If a parent or guardian suspects that his/her child has a communicable or contagious disease, the parent or guardian should contact the school nurse or principal so that other students who might have been exposed to the disease can be alerted.

Students with certain communicable diseases will not be excluded from attending school in their usual daily attendance settings as long as their health permits and their attendance does not create a significant risk of transmitting the illness to other students or school district employees. The school district will determine on a case-by-case basis whether a contagious student's attendance creates a significant risk of transmitting the illness to others.

### *Health Service*

The student health office is staffed by a trained **[insert position title(s) here]**. **[If the district employs paraprofessionals for this purpose, a statement that health paraprofessionals work under the direction and supervision of a licensed school nurse should be included here.]**

Students who become sick at school should **[insert the procedure here]**. In the event of an emergency, **[specify procedures here]**. The **[insert position title here]** will arrange for students who get sick at school to go home early.

A parent/guardian should notify the school if his/her child is unable to attend school because of illness. ***[Insert here the position title and contact information for the person who oversees attendance or a cross-reference to the absence reporting procedures.]***

***[Insert here information on what health screenings are provided, when, and at what grade levels.]***

### ***Immunizations***

All students must provide proof of immunization or submit appropriate documentation exempting them from such immunizations in order to enroll or remain enrolled. Students may be exempted from the immunization requirement when the immunization of the student is contraindicated for medical reasons; laboratory confirmation of adequate immunity exists; or due to the conscientiously held beliefs of the parents/guardians or student. The school district will maintain a file containing the immunization records for each student in attendance at the school district for at least five years after the student reaches the age of 18. For a copy of the immunization schedule or to obtain an exemption form or information, contact the ***[insert here the position title of the contact person and the location of the policy]***.

### ***Medications at School During the School Day***

The school district acknowledges that some students may require prescribed drugs or medication during the school day. The administration of prescription medication or drugs at school requires a completed signed request from the student's parent. An "Administering Prescription Medications" form must be completed once a year and/or when a change in the prescription or requirements for administration occurs. Prescription medications must be brought to school in the original container labeled for the student by a pharmacist, and must be administered in a manner consistent with the instructions on the label. Prescription medications are not to be carried by the student, but will be left with the appropriate school personnel. Exceptions that may be allowed include: prescription asthma medications administered with an inhaler pursuant to school district policy and procedures, medications administered as noted in a written agreement between the school district and parent or as specified in an Individualized Education Program (IEP), a plan developed under Section 504 of the Rehabilitation Act (section 504 Plan), or an individual health plan (IHP). Marijuana is not allowed on school property even if prescribed. The school district is to be notified of any change in administration of a student's prescription medication.

### ***Pesticide Application Notice***

The school district may plan to apply pesticide(s) on school property. To the extent the school district applies certain pesticides, the school district will provide a notice by September 15 as to the school district's plan to use these pesticides. A parent may request to be notified prior to the application of certain pesticides on days different from those specified in the notice. Additional information regarding what pesticides are used, an estimated schedule of pesticide applications (which will be available for review or copying at the school office), and the long-term health effects of the class of pesticide on children can be requested by contacting ***[insert here the location, title/position, or person]***.

### ***Safety***

The safety of students on campus and at school-related activities is a high priority of the district. While district-wide safety procedures are in place, student and parent cooperation is essential to ensuring school safety.

### ***School Board Policies***

All School Board Policies can be viewed at [www.strideacademy.org](http://www.strideacademy.org).

**514 BULLYING PROHIBITION POLICY**  
2010

*Rev.*

**I. PURPOSE**

A safe and civil environment is needed for students to learn and attain high academic standards and to promote healthy human relationships. Bullying, like other violent or disruptive behavior, is conduct that interferes with students' ability to learn and teachers' ability to educate students in a safe environment. The school district cannot monitor the activities of students at all times and eliminate all incidents of bullying between students, particularly when students are not under the direct supervision of school personnel. However, to the extent such conduct affects the educational environment of the school district and the rights and welfare of its students and is within the control of the school district in its normal operations, it is the school district's intent to prevent bullying and to take action to investigate, respond, remediate, and discipline those acts of bullying which have not been successfully prevented. The purpose of this policy is to assist the school district in its goal of preventing and responding to acts of bullying, intimidation, violence, and other similar disruptive behavior.

**II. GENERAL STATEMENT OF POLICY**

- A. An act of bullying, by either an individual student or a group of students, is expressly prohibited on school district property or at school-related functions. This policy applies not only to students who directly engage in an act of bullying but also to students who, by their indirect behavior, condone or support another student's act of bullying. This policy also applies to any student whose conduct at any time or in any place constitutes bullying that interferes with or obstructs the mission or operations of the school district or the safety or welfare of the student, other students, or employees.
- B. No teacher, administrator, volunteer, contractor, or other employee of the school district shall permit, condone, or tolerate bullying.
- C. Apparent permission or consent by a student being bullied does not lessen the prohibitions contained in this policy.
- D. Retaliation against a victim, good faith reporter, or a witness of bullying is prohibited.
- E. False accusations or reports of bullying against another student are prohibited.
- F. A person who engages in an act of bullying, reprisal, or false reporting of bullying or permits, condones, or tolerates bullying shall be subject to discipline for that act in accordance with school district's policies and procedures. The school district may take into account the following factors:
  - 1. The developmental and maturity levels of the parties involved;
  - 2. The levels of harm, surrounding circumstances, and nature of the behavior;
  - 3. Past incidences or past or continuing patterns of behavior;
  - 4. The relationship between the parties involved; and
  - 5. The context in which the alleged incidents occurred.

Consequences for students who commit prohibited acts of bullying may range from positive behavioral interventions up to and including suspension and/or expulsion. Consequences for employees who permit, condone, or tolerate bullying or engage in an act of reprisal or intentional false reporting of bullying may result in disciplinary action up to and including termination or discharge. Consequences for other individuals engaging in prohibited acts of bullying may include, but not be limited to, exclusion from school district property and events and/or termination of services and/or contracts.

- G. The school district will act to investigate all complaints of bullying and will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who is found to have violated this policy.

### **III. DEFINITIONS**

For purposes of this policy, the definitions included in this section apply.

- A. “Bullying” means any written or verbal expression, physical act or gesture, or pattern thereof, by a student that is intended to cause or is perceived as causing distress to one or more students and which substantially interferes with another student’s or students’ educational benefits, opportunities, or performance. Bullying includes, but is not limited to, conduct by a student against another student that a reasonable person under the circumstances knows or should know has the effect of:
  - 1. harming a student;
  - 2. damaging a student’s property;
  - 3. placing a student in reasonable fear of harm to his or her person or property; or
  - 4. creating a hostile educational environment for a student.
- B. “Immediately” means as soon as possible but in no event longer than 24 hours.
- C. “On school district property or at school-related functions” means all school district buildings, school grounds, and school property or property immediately adjacent to school grounds, school bus stops, school buses, school vehicles, school contracted vehicles, or any other vehicles approved for school district purposes, the area of entrance or departure from school grounds, premises, or events, and all school-related functions, school-sponsored activities, events, or trips. School district property also may mean a student’s walking route to or from school for purposes of attending school or school-related functions, activities, or events. While prohibiting bullying at these locations and events, the school district does not represent that it will provide supervision or assume liability at these locations and events.

### **IV. REPORTING PROCEDURE**

- A. Any person who believes he or she has been the victim of bullying or any person with knowledge or belief of conduct that may constitute bullying shall report the alleged acts immediately to an appropriate school district official designated by this policy. A student may report bullying anonymously. However, the school district’s ability to take action against an alleged perpetrator based solely on an anonymous report may be limited.

- B. The school district encourages the reporting party or complainant to use the report form available from the principal of each building or available from the school district office, but oral reports shall be considered complaints as well.
- C. The Dean of each building is the person responsible for receiving reports of bullying at the building level. Any person may report bullying directly to a school district human rights officer or the district's director.
- D. A teacher, school administrator, volunteer, contractor, or other school employee shall be particularly alert to possible situations, circumstances, or events that might include bullying. Any such person who receives a report of, observes, or has other knowledge or belief of conduct that may constitute bullying shall inform the building principal immediately.
- E. Reports of bullying are classified as private educational and/or personnel data and/or confidential investigative data and will not be disclosed except as permitted by law.
- F. Submission of a good faith complaint or report of bullying will not affect the complainant's or reporter's future employment, grades, or work assignments, or educational or work environment.
- G. The school district will respect the privacy of the complainant(s), the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the school district's obligation to investigate, take appropriate action, and comply with any legal disclosure obligations.

## **V. SCHOOL DISTRICT ACTION**

- A. Upon receipt of a complaint or report of bullying, the school district shall undertake or authorize an investigation by school district officials or a third party designated by the school district.
- B. The school district may take immediate steps, at its discretion, to protect the complainant, reporter, students, or others pending completion of an investigation of bullying, consistent with applicable law.
- C. Upon completion of the investigation, the school district will take appropriate action. Such action may include, but is not limited to, warning, suspension, exclusion, expulsion, transfer, remediation, termination, or discharge. Disciplinary consequences will be sufficiently severe to try to deter violations and to appropriately discipline prohibited behavior. School district action taken for violation of this policy will be consistent with the requirements of applicable collective bargaining agreements; applicable statutory authority, including the Minnesota Pupil Fair Dismissal Act; school district policies; and regulations.
- D. The school district is not authorized to disclose to a victim private educational or personnel data regarding an alleged perpetrator who is a student or employee of the school district. School officials will notify the parent(s) or guardian(s) of students

involved in a bullying incident and the remedial action taken, to the extent permitted by law, based on a confirmed report.

## **VI. REPRISAL**

**502 SEARCH OF STUDENT LOCKERS, DESKS, PERSONAL POSSESSIONS, AND STUDENT'S PERSON**

*[Note: School districts are required by statute to have a policy addressing these issues.]*

**I. PURPOSE**

The purpose of this policy is to provide for a safe and healthful educational environment by enforcing the school district's policies against contraband.

**II. GENERAL STATEMENT OF POLICY**

A. Lockers and Personal Possessions Within a Locker

Pursuant to Minnesota statutes, school lockers are the property of the school district. At no time does the school district relinquish its exclusive control of lockers provided for the convenience of students. Inspection of the interior of lockers may be conducted by school officials for any reason at any time, without notice, without student consent, and without a search warrant. The personal possessions of students within a school locker may be searched only when school officials have a reasonable suspicion that the search will uncover evidence of a violation of law or school rules. As soon as practicable after the search of a student's personal possessions, the school officials must provide notice of the search to students whose lockers were searched unless disclosure would impede an ongoing investigation by police or school officials.

B. Desks

School desks are the property of the school district. At no time does the school district relinquish its exclusive control of desks provided for the convenience of students. Inspection of the interior of desks may be conducted by school officials for any reason at any time, without notice, without student consent, and without a search warrant.

C. Personal Possessions and Student's Person

The personal possessions of students and/or a student's person may be searched when school officials have a reasonable suspicion that the search will uncover a violation of law or school rules. The search will be reasonable in its scope and intrusiveness. D. It shall be a violation of this policy for students to use lockers and desks for unauthorized purposes or to store contraband. It shall be a violation for students to carry contraband on their person or in their personal possessions.

502-1

**III. DEFINITIONS**

- A. "Contraband" means any unauthorized item possession of which is prohibited by school district policy and/or law. It includes but is not limited to weapons and "lookalikes," alcoholic beverages, controlled substances and "look-alikes," overdue books and other materials belonging to the school district, and stolen property.

- B. “Personal possessions” includes but is not limited to purses, backpacks, book bags, packages, and clothing.
- C. “Reasonable suspicion” means that a school official has grounds to believe that the search will result in evidence of a violation of school district policy, rules, and/or law. Reasonable suspicion may be based on a school official’s personal observation, a report from a student, parent or staff member, a student’s suspicious behavior, a student’s age and past history or record of conduct both in and out of the school context, or other reliable sources of information.
- D. “Reasonable scope” means that the scope and/or intrusiveness of the search is reasonably related to the objectives of the search. Factors to consider in determining what is reasonable include the seriousness of the suspected infraction, the reliability of the information, the necessity of acting without delay, the existence of exigent circumstances necessitating an immediate search and further investigation (e.g. to prevent violence, serious and immediate risk of harm or destruction of evidence), and the age of the student.

#### **IV. PROCEDURES**

- A. School officials may inspect the interiors of lockers and desks for any reason at any time, without notice, without student consent, and without a search warrant.
- B. School officials may inspect the personal possessions of a student and/or a student’s person based on a reasonable suspicion that the search will uncover a violation of law or school rules. A search of personal possessions of a student and/or a student’s person will be reasonable in its scope and intrusiveness.
- C. As soon as practicable after a search of personal possessions within a locker pursuant to this policy, the school officials must provide notice of the search to students whose possessions were searched unless disclosure would impede an ongoing investigation by police or school officials.
- D. Whenever feasible, a search of a person shall be conducted in private by a school official of the same sex. A second school official of the same sex shall be present as an observer during the search of a person whenever feasible.
- E. A strip search is a search involving the removal of coverings or clothing from private areas. Mass strip searches, or body cavity searches, are prohibited. Strip searches will be conducted only in circumstances involving imminent danger.
- F. A school official conducting any other search may determine when it is appropriate to have a second official present as an observer.
- G. A copy of this policy will be printed in the student handbook or disseminated in any other way which school officials deem appropriate. The school district shall provide a copy of this policy to a student when the student is given use of a locker.

#### **V. DIRECTIVES AND GUIDELINES**

School administration may establish reasonable directives and guidelines which address specific needs of the school district, such as use of tape in lockers, standards of cleanliness and care, posting of pin-ups and posters which may constitute sexual harassment, etc.

## **VI. SEIZURE OF CONTRABAND**

If a search yields contraband, school officials will seize the item and, where appropriate, turn it over to legal officials for ultimate disposition.

## **VII. VIOLATIONS**

A student found to have violated this policy and/or the directives and guidelines implementing it shall be subject to discipline in accordance with the school district's Student Discipline Policy, which may include suspension, exclusion, or expulsion, and the student may, when appropriate, be referred to legal officials.

Finally, it is the student's responsibility to request any missed assignments due to an absence.

##### **2. Parent or Guardian's Responsibility**

It is the responsibility of the student's parent or guardian to ensure the student is attending school, to inform the school in the event of a student absence, and to work cooperatively with the school and the student to solve any attendance problems that may arise.

Finally, it is the administrator's responsibility to inform the student's parent or guardian of the student's attendance and to work cooperatively with them and the student to solve attendance problems.

b. In accordance with the Minnesota Compulsory Instruction Law, Minn. Stat. § 120A.22, the students of the school district are REQUIRED to attend all assigned classes and/or study halls every day school is in session, unless the student has been excused by the school board from attendance because the student has already completed the studies ordinarily required to graduate from high school, has withdrawn, or has a valid excuse for absence.

- C. Administrative Discretion:  
While the school district takes a “Zero Tolerance” position on the possession, use, or distribution of weapons by students, the Executive Director may use discretion in determining whether, under the circumstances, a course of action other than the minimum consequences specified above is warranted. If so, other appropriate action may be taken, including consideration of a recommendation for lesser discipline.

VI. CONSEQUENCES FOR WEAPON POSSESSION/USE/DISTRIBUTION BY NONSTUDENTS

  - 1. Any member of the public who violates this policy shall be informed of the policy and asked to leave the school location. ## Parent/Guardian Guide and Refusal for Student Participation in Statewide Testing

This information will help parents/guardians make informed decisions that benefit their children, schools, and communities.

Why statewide testing? Minnesota values its educational system and the professionalism of its educators. Minnesota educators created the academic standards which are rigorous and prepare our students for career and college.

The statewide assessments are how we as a state measure that curriculum and daily instruction in our schools are being aligned to the academic standards, ensuring all students are being provided an equitable education. Statewide assessment results are just one tool to monitor that we are providing our children with the education that will ensure a strong workforce and knowledgeable citizens.

Why does participation matter? A statewide assessment is just one measure of your student's achievement, but your student's participation is important to understand how effectively the education at your student's school is aligned to the academic standards.

- In Minnesota's implementation of the federal Every Student Succeeds Act, a student not participating in the statewide assessments will not receive an individual score and will be counted as "not proficient" for the purpose of school and district accountability, including opportunities for support and recognition.
- Students who receive a college-ready score on the high school MCA are not required to take a remedial, non credit course at a Minnesota State college or university in the corresponding subject area, potentially saving the student time and money.
- Educators and policy makers use information from assessments to make decisions about resources and support provided.
- Parents and the general public use assessment information to compare schools and make decisions about where to purchase a home or to enroll their children.
- School performance results that are publicly released and used by families and communities, are negatively impacted if students do not participate in assessments.

Academic Standards and Assessments: What are academic standards? The Minnesota K–12 Academic Standards are the statewide expectations for student academic achievement. They identify the knowledge and skills that all students must achieve in a content area and are organized by grade level. School districts determine how students will meet the standards by developing courses and curriculum aligned to the academic standards.

What is the relationship between academic statewide assessments and the academic standards? The statewide assessments in mathematics, reading, and science are used to measure whether students, and their school and district, are meeting the academic standards. Statewide assessments are one measure of how well students are doing on the content that is part of their daily instruction. It is also a measure of how well schools and districts are doing in aligning their curriculum and teaching the standards.

## **Minnesota Comprehensive Assessment (MCA) and Minnesota Test of (MTAS) (MTAS) ACCESS and Alternate ACCESS for English Learners**

### **Why are these assessments effective?**

Minnesota believes that in order to effectively measure what students are learning, testing needs to be more than answering multiple choice questions.

- To answer questions, students may need to type in answers, drag and drop images and words, or manipulate a graph or information.
- The Reading and Mathematics MCAs are adaptive, which means the answers a student provides determine the next questions the student will answer.
- The Science MCA incorporates simulations, which require students to perform experiments in order to answer questions.

All of these provide students the opportunity to apply critical thinking needed for success in college and careers and show what they know and can do.

### **Are there limits on local testing?**

As stated in Minnesota Statutes, section 120B.301, for students in grades 1–6, the cumulative total amount of time spent taking locally adopted districtwide or schoolwide assessments must not exceed 10 hours per school year. For students in grades 7–12, the cumulative total amount of time spent taking locally adopted districtwide or schoolwide assessments must not exceed 11 hours per school year. These limits do not include statewide testing.

In an effort to encourage transparency, the statute also requires a district or charter school, before the first day of each school year, to publish on its website a comprehensive calendar of standardized tests to be administered in the district or charter school during that school year. The calendar must provide the rationale for administering each assessment and indicate whether the assessment is a local option or required by state or federal law.

### **What if I choose not to have my student participate?**

Parents/guardians have a right to not have their student participate in state-required standardized assessments. Minnesota Statutes require the department to provide information about statewide assessments to parents/ guardians and include a form to complete if they refuse to have their student participate. This form follows on the next page and includes an area to note the reason for the refusal to participate. Your student's district may require additional information.

A school or district may have additional consequences beyond those mentioned in this document for a student not participating in the state-required standardized assessments. There may also be consequences for not participating in assessments selected and administered at the local level. Please contact your school for more information regarding local decisions.

### **When do students take the assessments?**

Each school sets their testing schedule within the state testing window. Contact your student's school for information on specific testing days.

- The MCA and MTAS testing window begins in March and ends in May.
- The ACCESS and Alternate ACCESS for ELLs testing window begins at the end of January and ends in March.

### **When do I receive my student's results?**

Each summer, individual student reports are sent to school districts and are provided to families no later than fall conferences. The reports can be used to see your child's progress and help guide future instruction.

### **How much time is spent on testing?**

Statewide assessments are taken one time each year; the majority of students test online. On average, the amount of time spent taking statewide assessments is less than 1 percent of instructional time in a school year. The assessments are not timed and students can continue working as long as they need.

### **Why does it seem like my student is taking more tests?**

The statewide required tests are limited to those outlined in this document. Many districts make local decisions to administer additional tests that the state does not require. Contact your district for more information.

**Where do I get more information?**

Students and families can find out more on our Statewide Testing page ([education.state.mn.us](https://education.state.mn.us) > Students and Families > Programs and Initiatives > Statewide Testing).

## Statewide Assessments: Parent/Guardian Participation Guide and Refusal Information

Your student's participation in statewide assessments is important as it allows your school and district to ensure all students have access to a high-quality education. In the past, students with disabilities and English learners were often excluded from statewide assessments. By requiring that all students take statewide assessments, schools and teachers have more information to see how all students are doing. This helps schools to continuously improve the education they provide and to identify groups, grades, or subjects that may need additional support.

### Assessments Connect to Standards

Statewide assessments are based on the [Minnesota Academic Standards](#) or the [WIDA English Language Development Standards](#). These standards define the knowledge and skills students should be learning in K–12 public and charter schools. Minnesota prioritizes high-quality education, and statewide assessments gives educators and leaders an opportunity to evaluate student and school success.

### Minnesota Comprehensive Assessments (MCA) and Minnesota Test of Academic Skills (MTAS)

MCA and MTAS are the annual assessments in reading, mathematics and science that measure a snapshot of student learning of the Minnesota K–12 Academic Standards.

### ACCESS and Alternate ACCESS for English Learners

The ACCESS and Alternate ACCESS are the annual assessments for English learners that provide information about their progress in learning academic English based on the WIDA English Language Development Standards.

### Statewide Assessments Help Families and Students

Participating in statewide assessments helps families see a snapshot of their student's learning so they can advocate for their success in school. High school students can use MCA results:

- For course placement at a Minnesota State college or university. If students receive a college-ready score, they may not need to take a remedial, noncredit course for that subject.
- For Postsecondary Enrollment Options (PSEO) and College in the Schools programs.

English learners who take the ACCESS or Alternate ACCESS and meet certain requirements have the opportunity to exit from English learner programs.

### Taking Statewide Assessments Helps Your Student's School

Statewide assessments provide information to your school and district about how all students are engaging with the content they learn in school. This information helps:

- Educators evaluate their instructional materials.
- Schools and districts identify inequities between groups, explore root causes and implement supports.
- School and district leaders make decisions about how to use money and resources to support all students.

### Student Participation in Statewide Assessments

Student participation in state and locally required assessments is a parent/guardian choice. If you choose to have your student not participate in a statewide assessment, please provide a reason for your decision on the form. Contact your student's school to learn more about locally required assessments.

### Consequences of Not Participating in Statewide Assessments

- The student will not receive an individual score. For ACCESS and Alternate ACCESS, the student would not have the opportunity to exit their English learner program.
- School and district assessment results will be incomplete, making it more difficult to have an accurate picture of student learning.
- Since all eligible students are included in some calculations even when they do not participate, school and district accountability results are impacted. This may affect the school's ability to be identified for support or recognized for success.

Check with your local school or district to see if there are any other consequences for not participating.

#### Additional Information

- On average, students spend less than 1 percent of instructional time taking statewide assessments each year.
- Minnesota statutes limit the total amount of time students can spend taking other district- or school-wide assessments to 11 hours or less each school year, depending on the grade.
- School districts and charter schools are required to publish an assessment calendar on their website by the beginning of each school year. Refer to your district or charter school's website for more information on assessments.

(Note: This form is only applicable for the 20\_\_ to 20\_\_ school year.)

### Statewide Assessment: Parent/Guardian Decision Not to Participate

By completing this form, you are acknowledging that your student will not participate in statewide assessments and will not receive individual assessment results. This form must be returned to your student's school before the applicable test administration.
