Curriculum & Instruction

October 22, 2026
Board Update

2026-27 Priorities

Aligning Instruction

Consistent learning across classrooms and grade levels

Supporting Teachers

Curricular Resources, Training, & Collaboration

Identifying Student Needs

Using data to guide targeted supports - EduClimber

Strengthening Teaching & Learning

- Standards alignment and curriculum mapping
- Teach Better support and team collaboration
- Professional Learning

Using our Data

- DIBELS & FastBridge screeners guiding instructional decisions
- Biweekly progress monitoring - utilizing Literacy Support Paraprofessionals
- Professional Learning Communities (PLCs)
- Information shared with families

Targeted Reading Support

- 5 Reading Corps teachers supporting K-3
- Title teachers supporting K-4
- ML teachers K-8
- STRIDES for Reading adding small-group curriculum
    - Middle school capacity to serve over 50 students
- Panther Time - Intervention/Enrichment K-8

MTSS: Student Support

- MTSS Coordinator
  - Connecting teams across both campuses
  - Tracking interventions and progress in EduClimber
  - Developing shared procedures for identifying needs and reviewing progress

Building on Progress

Continue curriculum alignment, collaboration, and training

Use data points to review and adjust interventions

Build consistent MTSS practices across both campuses
