FOR THE YEAR ENDED JUNE 30, 2025

INDEPENDENT AUDITOR'S REPORT

Board of Directors STRIDE Academy Charter School No. 4142 St. Cloud, Minnesota

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of STRIDE Academy (the Academy), St. Cloud, Minnesota, as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the Academy's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the Academy as of June 30, 2025, and the respective changes in financial position and the budgetary comparison for the General fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Academy and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Academy's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are
 appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the
 Academy's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Academy's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis starting on page 15 and the Schedules of Employer's Share of the Net Pension Liability and the Schedules of Employer's Contributions, the related note disclosures, starting on page 60 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinion on the financial statements that collectively comprise the Academy's basic financial statements. The accompanying individual fund schedules and table are presented for purposes foe additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and related directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the individual fund schedules and table are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information in the annual report. The other information comprises the introductory section but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statement do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 4, 2025 on our consideration of the Academy's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Academy's internal control over financial reporting and compliance.

Minneapolis, Minnesota November 4, 2025

Management's Discussion and Analysis

As management of the STRIDE Academy Charter School No. 4142 (the Academy), St. Cloud, Minnesota, we offer readers of the Academy's financial statements this narrative overview and analysis of the financial activities of the Academy for the fiscal year ended June 30, 2025.

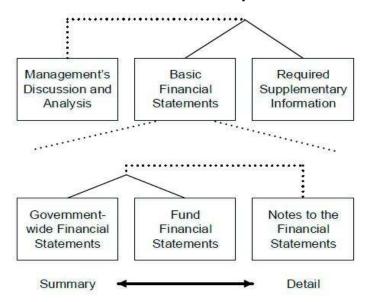

Financial Highlights

- The liabilities and deferred inflows of resources exceeded its assets and deferred outflows of resources of the Academy at the close of the most recent fiscal year as shown in the summary of net position on the following pages.
- The Academy's total net position increased as shown in the summary of changes in net position on the following pages. This was primarily a result of the school making scheduled long-term liability payments.
- As of the close of the current fiscal year, the Academy governmental fund balances are shown in the financial
 analysis of the Academy's funds section of the MD&A. The total fund balance decreased in comparison with the
 prior year. This decrease was primarily due to a expenditures related to the Building company for building
 construction.
- At the end of the current fiscal year, fund balance for the General fund, as shown in the financial analysis of the Academy funds section, increased from the prior year.
- The Academy long-term liabilities decreased during the current year due to regular scheduled debt and loan repayments.

Overview of the Financial Statements

This discussion and analysis are intended to serve as an introduction to the Academy's basic financial statements. The Academy's basic financial statements are comprised of three components: 1) Government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other required supplemental information in addition to the basic financial statements themselves. The following chart shows how the various parts of this annual report are arranged and related to one another:

Organization of STRIDE Academy Charter School No. 4142's Annual Financial Report

The following chart summarizes the major features of the Academy's financial statements, including the portion of the Academy's activities they cover and the types of information they contain. The remainder of this overview section of management's discussion and analysis highlights the structure and contents of each of the statements:

Major Features of the Government-wide and Fund Financial Statements

		Fund Financial Statements
	Government-wide Statements	Governmental Funds
Scope	Entire Academy (except fiduciary funds)	The activities of the Academy that are not fiduciary, such as special education and building maintenance
Required financial statements	Statement of Net Position Statement of Activities	Balance Sheet Statement of Revenues, Expenditures, and Changes in Fund Balances
Accounting basis and measurement focus	Accrual accounting and economic resources focus	Modified accrual accounting and current financial focus
Type of asset/liability information	All assets and liabilities, both financial and capital, short-term and long-term	Generally, assets expected to be used up and liabilities that come due during the year or soon thereafter; no capital assets or long-term liabilities included
Type of deferred outflows/inflows of resources information	All deferred outflows/inflows of resources, regardless of when cash is received or paid	Only deferred outflows of resources expected to be used up and deferred inflows of resources that come due during the year or soon thereafter; no capital assets included
Type of inflow/outflow information	All revenues and expenses during year, regardless of when cash is received or paid	Revenues for which cash is received during or soon after the end of the year; expenditures when goods or services have been received and the related liability is due and payable

Government-wide Financial Statements. The government-wide financial statements are designed to provide readers with a broad overview of the Academy's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all of the Academy's assets, deferred inflows of resources, liabilities, and deferred outflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Academy is improving or deteriorating.

The statement of activities presents information showing how the Academy's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

The government-wide financial statements display functions of the Academy that are principally supported by intergovernmental revenues (*governmental activities*). The governmental activities of the Academy include administration, district support services, elementary and secondary regular instruction, special education instruction, instructional support services, pupil support services, sites and buildings, fiscal and other fixed cost programs, food service, and interest on long term debt.

The government-wide financial statements start on page 26 of this report.

Fund Financial Statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Academy, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the Academy's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact by the Academy's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The Academy maintains three individual governmental funds. Information is presented in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General fund, STRIDE Academy Building Company special revenue fund, and the Food Service special revenue fund, all of which are considered to be major funds.

The Academy adopts an annual appropriated budget for its General fund and Food Service special revenue fund. Budgetary comparison statements and schedules have been provided to demonstrate compliance with this budget.

The basic governmental fund financial statements start on page 30 of this report.

Notes to the Financial Statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements start on page 39 of this report.

Required Supplementary Information. In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the Academy's progress in funding its obligation to provide pension benefits to its employees. Required supplementary information can be found starting on page 64 of this report.

Other Information. The individual fund financial schedule and table start on page 68 of this report.

Government-wide Financial Analysis.

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the Academy, liabilities and deferred inflows of resources exceeded assets and deferred outflows of resources as shown in the summary of net position below at the close of the most recent fiscal year.

STRIDE Academy Charter School No. 4142's Net Position

	Go	Governmental Activities						
	2025	2024	Increase (Decrease)					
Assets								
Current and other assets	\$ 5,486,562	\$ 5,666,076	\$ (179,514)					
Capital assets	13,594,550	13,149,019	445,531					
Total Assets	19,081,112	18,815,095	266,017					
Deferred Outflows of Resources								
Deferred pension resources	1,275,800	1,048,919	226,881					
berefred pendion resources		1,040,515	220,001					
Liabilities								
Current and other liabilities	871,038	745,942	125,096					
Noncurrent liabilities	19,143,155_	20,185,968	(1,042,813)					
Total Liabilities	20,014,193	20,931,910	(917,717)					
Deferred Inflows of Resources								
Deferred pension resources	996,330	217,523	778,807					
·	<u></u>		<u> </u>					
Net Position								
Net investment in capital assets	650,176	(175,642)	825,818					
Restricted	721,094	1,500,918	(779,824)					
Unrestricted	(2,024,881)	(2,610,695)	585,814					
Total Net Position	\$ (653,611)	\$ (1,285,419)	\$ 631,808					
Not Desition as a Dersont of Total								
Net Position as a Percent of Total	99.5 %	(12.7) 0/						
Net investment in capital assets Restricted	110.3	(13.7) % 116.8						
Unrestricted								
Onrestricted	(309.8)	(203.1)						
Total	(100.0) %	(100.0) %						

A portion of the Academy's net position reflects its net investment in capital assets. The Academy uses these capital assets to provide services to students; consequently, these assets are not available for future spending. Similarly, the Academy has assets restricted for future uses mainly due to the building company and food service. Unrestricted net position carries a balance as shown above. At the end of the current fiscal year, the Academy reported deficit net position balances in the unrestricted net position and a positive balance in the net investment in capital assets and restricted category.

Governmental Activities. Governmental activities increased the academy's net position as shown below in the summary of changes in net position. Key elements of this increase are shown in the table below.

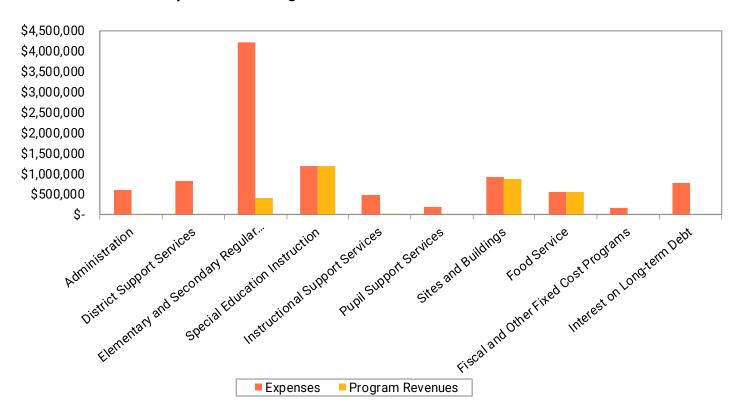

STRIDE Academy Charter School No. 4142's Changes in Net Position

	Go	Governmental Activities						
	2025	2024	Increase (Decrease)					
Revenues								
Program revenues								
Charges for services	\$ 6,473	\$ 6,227	\$ 246

General revenues								
State aid-formula grants	7,267,687	6,986,697	280,990					
Other general revenues	120,502	584,569	(464,067)					
Unrestricted investment earnings	189,386	138,785	50,601					
Total Revenues	10,631,028	10,496,858	134,170					
Expenses								
Administration	612,969	546,633	66,336					
District support services	831,012	784,777	46,235					
Elementary and secondary regular instruction	4,222,852	4,038,108	184,744					
Special education instruction	1,196,438	903,037	293,401					
Instructional support services	489,340	405,154	84,186					
Pupil support services	185,788	284,646	(98,858)					
Sites and buildings	933,648	1,226,884	(293,236)					
Fiscal and other fixed cost programs	175,915	163,348	12,567					
Food service	566,195	525,764	40,431					
Interest on long-term debt	785,063	799,882	(14,819)					
Total Expenses	9,999,220	9,678,233	320,987					
Change in Net Position	631,808	818,625	(186,817)					
Net Position, July 1	(1,285,419)	(2,104,044)	818,625					
Net Position, June 30	\$ (653,611)	\$ (1,285,419)	\$ 631,808					

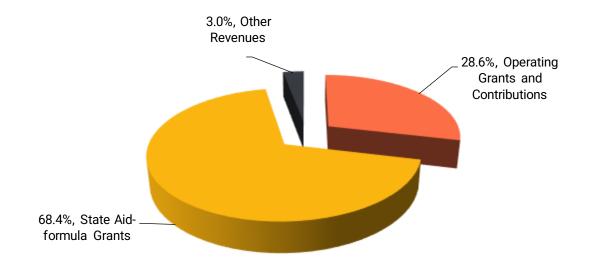

At the end of the current fiscal year the Academy experienced an increase in both revenues and expenses.

- Revenues increased \$134,170 and is mainly due to an increase in state-aid formula grants and operating grants and contributions.
- Expenses increased \$320,987 and was mainly due increases in elementary and secondary regular instruction and special education instruction expenses.

Expenses and Program Revenues - Governmental Activities

Revenues by Source - Governmental Activities

Financial Analysis of the Government's Funds

As noted earlier, the Academy uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Fund. The focus of the Academy's *governmental funds* is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the Academy's financing requirements. In particular, *unassigned fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year

	General	Bulding Company	Food Service	Total	Prior Year Total	Increase/ Decrease
Fund Balances						
Nonspendable	\$ 17,301	\$ -	\$ -	\$ 17,301	\$ 126,637	\$ (109,336)
Restricted	27,336	747,289	122,968	897,593	1,680,949	(783,356)
Unassigned	3,877,129	=	-	3,877,129	3,292,619	584,510
Total Fund Balances	<u>\$ 3,921,766</u>	\$ 747,289	\$ 122,968	<u>\$ 4,792,023</u>	\$ 5,100,205	\$ (308,182)

As of the end of the current fiscal year, the Academy's governmental funds reported combined ending fund balances as shown above. Additional information on the Academy's fund balances can be found in Note 1 starting on page 44 of this report.

General Fund

The General fund is the chief operating fund of the Academy. At the end of the current year, unassigned fund balance of the General fund was as shown above. As a measure of the General fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. The total unassigned fund balance as a percent of total fund expenditures is shown in the chart below along with total fund balance as a percent of total expenditures.

		li	Increase /				
		2025		2024	(Decrease)		
General Fund Balances Nonspendable Restricted Unassigned		17,301 27,336 3,877,129		\$ 126,597 20,000 3,292,619		(109,296) 7,336 584,510	
Total General Fund Balances	\$	3,921,766	\$	3,439,216	\$	482,550	
General fund expenditures Unassigned as a percent of expenditures Total fund balance as a percent of expenditures	\$	9,587,981 40.4% 40.9%	\$	9,307,452 35.4% 37.0%			

The General fund balance increased from the prior year mainly due to the increase in students during the year.

Other Major Governmental Fund

The Building Company Special Revenue fund has a total fund balance of \$747,289. The fund balance decreased in the current year mainly due to building improvement project expenses exceeding current year's resources. The ending fund balance is restricted for future capital and debt service.

General Fund Budgetary Highlights

During the fiscal year the Academy revised the budget, revenues increased \$151,528 and expenditures increased by \$82,344. Total revenue was \$104,867 over budget with the largest revenue variance from revenue from state sources, which was mainly made up of pension expense. Total expenditures were \$68,371 under budget with the largest variance in instructional support services of \$104,203.

Capital Assets and Debt

Capital Assets. The Academy's investment in capital assets for its governmental activities as of June 30, 2025 is noted below. This net investment in capital assets includes land, buildings and improvements, leasehold improvements, and equipment. The following is a schedule of capital assets as of June 30, 2025.

STRIDE Academy Charter School No. 4142's Capital Assets (Net of Depreciation)

	G	Governmental Activities								
	2025	2024	Increase (Decrease)							
Land Equipment Buildings and Improvements Leasehold Improvements	\$ 2,903,479 264,577 10,142,655 	\$ 2,903,479 243,712 9,727,376 274,452	\$ - 20,865 415,279 9,387							
Total Increase/(Decrease)	\$ 13,594,550	\$ 13,149,019	\$ 445,531 3.4%							

Significant capital asset activity during the current year includes acquisition of equipment and the completion of building improvements. Additional information on the Academy's capital assets can be found in Note 3B on page 44 of this report.

Noncurrent Liabilities. At the end of the current fiscal year, the Academy had the following noncurrent liabilities outstanding.

STRIDE Academy Charter School No. 4142's Outstanding Debt

	G	Governmental Activities							
	2025	2024	Increase (Decrease)						
Bonds Payable Bond Premium Loan Payable	\$ 13,965,000 84,252 1,411,960	\$ 14,345,000 88,320 1,441,513	\$ (380,000) (4,068) (29,553)						
Total Increase/(Decrease)	\$ 15,461,212	\$ 15,874,833	\$ (413,621) -2.6%						

The Academy's total noncurrent liabilities decreased as shown above. The primary reason for the decrease was due to regularly scheduled debt and loan repayments. Additional information on the Academy's long-term debt can be found in Note 3D starting on page 45 of this report.

Factors Bearing on the Academy's Future

The Academy is dependent on the State of Minnesota for its revenue authority. Schools are receiving a 2.74% increase to the general education formula for FY 2026, and the holdback will continue at its current level of 10%.

The Academy anticipates enrollment of 841 during the 2025-2026 school year.

The Academy will strive to maintain its commitment to academic excellence and educational opportunity for students within a framework of financial fiduciary responsibility.

Requests for Information

These financial statements are designed to provide our citizens, authorizer, customers, and creditors with a general overview of the Academy's finances and to demonstrate the Academy's accountability for the money it receives. If you have questions about this report or need additional financial information, contact STRIDE Academy Charter School No. 4142, St. Cloud, Minnesota 56303.

St. Cloud, Minnesota Reconciliation of the Balance Sheet to the Statement of Net Position Governmental Funds June 30, 2025

Amounts reported for governmental activities in the statement of net position are different because

Total Fund Balances - Governmental Funds	\$	4,792,023
Capital assets used in governmental activities are not financial resources and therefore are not reported as assets in governmental funds. Cost of capital assets Less: accumulated depreciation		18,173,447 (4,578,897)
Noncurrent liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported as liabilities in the funds. Noncurrent liabilities at year-end consist of		
Bond principal payable	((13,965,000)
Premium on bonds payable		(84,252)
Loans payable		(1,411,960)
Net pension liability		(3,570,359)
Compensated absences payable		(111,584)
Governmental funds do not report long-term amounts related to pensions.		
Deferred outflows of pension resources		1,275,800
Deferred inflows of pension resources		(996,330)
Governmental funds do not report a liability for accrued interest on bonds until due and payable.		(176,499)
Total Net Position - Governmental Activities	\$	(653,611)

St. Cloud, Minnesota

Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances to the Statement of Activities **Governmental Funds**

For the Year Ended June 30, 2025

Amounts reported for governmental activities in the statement of activities are different because

Net Change in Fund Balances - Total Governmental Funds	\$ (308,182)
Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over the estimated useful lives as depreciation expense.	
Depreciation expense	(545,965)
Capital outlays	991,868
Book value on disposed assets	(372)
The issuance of long-term debt provides current financial resources to governmental funds, while the	
repayment of principal of long-term debt consumes the current financial resources of governmental	
funds. Neither transaction, however, has any effect on net position. Also, governmental funds report	
the effect of premiums, discounts and similar items when debt is first issued, whereas these amounts	
are amortized in the statement of activities. The amounts below are the effects of these differences	
in the treatment of long-term debt and related items.	
Principal repayments	380,000
Loan repayments	29,553
Amortization of bond premium	4,068
Interest on long-term debt in the statement of activities differs from the amount reported in the	
governmental funds because interest is recognized as an expenditure in the funds when it is due,	
and thus requires the use of current financial resources. In the statement of activities, however,	0.570
interest expense is recognized as the interest accrues, regardless of when it is due.	3,572
Long-term pension activity is not reported in governmental funds.	
Pension expense	94,259
Pension revenue	12,947
Some expenses reported in the statement of activities do not require the use of current	
financial resources and, therefore, are not reported as expenditures in governmental funds.	(00.046)
Compensated absences	 (29,940)
Change in Net Position of Governmental Activities	\$ 631,808

St. Cloud, Minnesota Notes to the Financial Statements June 30, 2025

Note 1: Summary of Significant Accounting Policies

A. Reporting Entity

STRIDE Academy Charter School No. 4142 (the Academy), St. Cloud, Minnesota is a charter school established April 8, 2004, in accordance with Minnesota statutes. The Academy's financial statements include all funds, departments, agencies, boards, commissions, component units, and other organizations for which the Academy is considered to be financially accountable.

Component units are legally separate entities for which the Academy (primary government) is financially accountable, or for which the exclusion of the component unit would render the financial statements of the primary government misleading. The criteria used to determine if the primary government is financially accountable for a component unit includes whether or not the primary government appoints the voting majority of the potential component unit's governing body, is able to impose its will on the potential component unit, is in a relationship of financial benefit or burden with the potential component unit or is fiscally depended upon by the potential component unit.

Based on these criteria, there is one organization considered to be a component unit of the Academy. STRIDE Academy Building Company (the Building Company) is a Minnesota nonprofit organization classified by the Internal Revenue Service (IRS) as a 501(c)(3) tax-exempt organization which owns the real estate and building that is leased by the Academy for its operations. The Building Company is governed by a separate five-member board, including two ex-officio. Although it is legally separate from the Academy, the Building Company is reported as if it were part of the Academy (as a blended component unit) because (1) its sole purpose is to acquire, renovate and own an educational site which is leased to the Academy and (2) the expectation for the debt obligations of the Building Company to be repaid with the Academy's resources under the lease agreement. The building is leased to the Academy under the terms of a long-term agreement. All long-term debt related to the purchase of the building and property and all capital assets related to the school site is the responsibility of and will be under the ownership of the Building Company. The Building Company does not issue separate financial statements.

The Academy is required to operate under a charter agreement with an entity that has been approved by the Minnesota Department of Education (MDE) to be a charter school "authorizer." The authorizer monitors and evaluates the Academy's performance, and periodically determines whether to renew the Academy's charter. The Academy is authorized by the Pillsbury United Communities. Aside from its responsibilities as authorizer, Pillsbury United Communities has no authority or control over the Academy, and it not financially accountable for it. Therefore, the Academy is not considered a component unit of Pillsbury United Communities.

Extracurricular student activities, if any, are determined primarily by student participants under the guidance of an adult and are generally conducted outside of school hours. The Academy has no student activity accounts.

B. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all non-fiduciary activities of the Academy.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. Amounts reported as program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Other internally dedicated resources are reported as general revenues rather than as program revenues. Other items not properly included among program revenues are reported instead as *general revenues*.

Major individual governmental funds are reported in separate columns in the fund financial statements. Aggregated information for the remaining nonmajor governmental funds is reported in a single column in the fund financial statements.

St. Cloud, Minnesota Notes to the Financial Statements June 30, 2025

Note 1: Summary of Significant Accounting Policies (Continued)

C. Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. State revenue is recognized in the year to which it applies according to Minnesota statutes and accounting principles generally accepted in the United States of America. Minnesota statutes include state aid funding formulas for specific fiscal years. Federal revenue is recorded in the year in which the related expenditure was made. Other revenue is considered available if collected within one year.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to claims and judgments, are recorded only when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds.

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the year in which the resources are measurable and become available.

Non-exchange transactions, in which the Academy receives value without directly giving equal value in return, include grants, entitlement and donations. On a modified accrual basis, revenue from non-exchange transaction must also be available before it can be recognized.

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Description of Funds

The various Academy funds have been established by the State of Minnesota Department of Education. Each fund is accounted for as an independent entity. Descriptions of the funds included in this report are as follows:

Major Governmental Funds

The *General fund* is the Academy's primary operating fund. It accounts for all financial resources of the Academy, except those required to be accounted for in another fund.

The *Building Company special revenue fund* accounts for all activities of the STRIDE Academy Building Company. This includes accounting for the proceeds and uses of resources borrowed to finance the purchase and renovation of the school building, the receipt of lease payments from the Academy, as well as debt service payments required under the terms of the related long-term bonds and loans.

Nonmajor Governmental Funds

The Food Service special revenue fund is used to account for food service revenues and expenditures. The Food Service fund receives revenue from State and Federal sources as well as the receipts from the Academy's nutrition program.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

St. Cloud, Minnesota Notes to the Financial Statements June 30, 2025

Note 1: Summary of Significant Accounting Policies (Continued)

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources and Net Position/Fund Balance

Deposits and Investments

The Academy's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

Cash balances from all funds are pooled and invested to the extent available in various securities as authorized by state law. Earnings from the pooled investments are allocated to the respective funds on the basis of cash balance participation by each fund. Cash with fiscal agent represents dollars held by others on behalf of the building company. Interest earnings are restricted to the funds that generate them.

The Academy may also invest idle funds as authorized by Minnesota statutes, as follows:

- 1. Direct obligations or obligations quaranteed by the United States or its agencies.
- 2. Shares of investment companies registered under the Federal Investment Company Act of 1940 and received the highest credit rating is rated in one of the two highest rating categories by a statistical rating agency, and all of the investments have a final maturity of thirteen months or less.
- 3. General obligations of a state or local government with taxing powers rated "A" or better; revenue obligations rated "AA" or better.
- 4. General obligations of the Minnesota Housing Finance Agency rated "A" or better.
- 5. Obligation of a school district with an original maturity not exceeding 13 months and (i) rated in the highest category by a national bond rating service or (ii) enrolled in the credit enhancement program pursuant to statute section 126C.55.
- 6. Bankers' acceptances of United States banks eligible for purchase by the Federal Reserve System.
- 7. Commercial paper issued by United States banks corporations or their Canadian subsidiaries, of highest quality category by at least two nationally recognized rating agencies and maturing in 270 days or less.
- 8. Repurchase or reverse repurchase agreements and securities lending agreements with financial institutions qualified as a "depository" by the government entity, with banks that are members of the Federal Reserve System with capitalization exceeding \$10,000,000, a primary reporting dealer in U.S. government securities to the Federal Reserve Bank of New York, or certain Minnesota securities broker-dealers.
- 9. Guaranteed Investment Contracts (GIC's) issued or guaranteed by a United States commercial bank, a domestic branch of a foreign bank, a United States insurance company, or its Canadian subsidiary, whose similar debt obligations were rated in one of the top two rating categories by a nationally recognized rating agency.

The Academy categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. The Academy's recurring fair value measurements are valued using quoted market prices (Level 1 inputs).

St. Cloud, Minnesota Notes to the Financial Statements June 30, 2025

Note 1: Summary of Significant Accounting Policies (Continued)

Due from the Department of Education and Federal Government

Due from the Department of Education and Federal Government include amounts billed for services provided before year end as well as amounts for expenditures that have been incurred before year end that will be reimbursed with state and federal funding. No substantial losses are anticipated from present receivable balances, therefore no allowance for uncollectible has been recorded.

Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

Capital Assets

Capital assets are recorded at historical cost or estimated historical cost if purchased or constructed. The Academy defines capital assets as those with an initial, group cost of more than \$5,000 (amount not rounded). Donated capital assets are recorded at fair value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

Capital assets are recorded in the government-wide financial statements but are not reported in the fund financial statements. Capital assets are depreciated using the straight-line method over the following estimated useful lives:

Assets	Useful Lives in Years
Equipment	5 - 20
Buildings and Improvements	10 - 30
Leasehold Improvements	20 - 25

Deferred Outflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The government has only one item that qualifies for reporting in this category. Accordingly, the item, deferred pension resources, is reported only in the statement of net position. This item results from actuarial calculations and current year pension contributions made subsequent to the measurement date.

St. Cloud, Minnesota Notes to the Financial Statements June 30, 2025

Note 1: Summary of Significant Accounting Policies (Continued)

Pensions

Teachers Retirement Association (TRA)

For purposes of measuring the net pension liability, deferred outflows/inflows of resources, and pension expense, information about the fiduciary net position of the Teachers Retirement Association (TRA) and additions to/deductions from TRA's fiduciary net position have been determined on the same basis as they are reported by TRA.

TRA has a special funding situation created by direct aid contributions made by the State of Minnesota, City of Minneapolis and Minneapolis School District. The direct aid is a result of the merger of the Minneapolis Teachers Retirement Fund Association merger into TRA in 2006. A second direct aid source is from the State of Minnesota for the merger of the Duluth Teacher's Retirement Fund Association (DTRFA) in 2015. The General fund is typically used to liquidate the governmental net pension liability. Additional information can be found in Note 5.

Public Employees Retirement Association (PERA)

For purposes of measuring the net pension liability, deferred outflows/inflows of resources, and pension expense, information about the fiduciary net position of the Public Employees Retirement Association (PERA) and additions to/deductions from PERA's fiduciary net position have been determined on the same basis as they are reported by PERA except that PERA's fiscal year end is June 30. For this purpose, plan contributions are recognized as of employer payroll paid dates and benefit payments and refunds are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value. The General fund is typically used to liquidate the governmental net pension liability. Additional information can be found in Note 5.

The total pension expense for the General Employee Plan (GERP) and TRA is as follows:

	 GERP	 TRA	Total Pension Expense		
Academy's propotionate share Proportionate share of State's contribution	\$ 62,841 281	\$ 358,008 13,470	\$	420,849 13,751	
Total Pension Expense	\$ 63,122	\$ 371,478	\$	434,600	

Deferred Inflows of Resources

In addition to liabilities, the statement of net position and fund financial statements will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The Academy has one item which arises only under a full accrual basis of accounting that qualifies as needing to be reported in this category. Accordingly, the item, deferred pension resources, is reported only in the statement of net position of the government-wide statements and results from actuarial calculations.

Compensated Absences

Certain Academy employees earn paid time off (PTO) based upon the employee's status (exempt, nonexempt, and full-time versus school year). The Academy compensates employees for unused vacation upon termination of employment. PTO is recorded as an expenditure when it is used. The General fund is typically used to liquidate governmental compensated absences.

St. Cloud, Minnesota Notes to the Financial Statements June 30, 2025

Note 1: Summary of Significant Accounting Policies (Continued)

Long-term Obligations

In the government-wide financial statements long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities statement of net position. The recognition of bond premiums and discounts are amortized over the life of the bonds using the straight-line method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as an expense in the period incurred.

In the fund financial statements, governmental fund types recognized bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Fund Balance

In the fund financial statements, fund balance is divided into five classifications based primarily on the extent to which the Academy is bound to observe constraints imposed upon the use of resources reported in the governmental funds. These classifications are defined as follows:

Nonspendable - Amounts that cannot be spent because they are not in spendable form, such as inventory.

Restricted - Amounts related to externally imposed constraints established by creditors, grantors, or contributors; or constraints imposed by state statutory provisions.

Committed - Amounts constrained for specific purposes that are internally imposed by formal action (resolution) of Board of Directors, which is the Academy's highest level of decision-making authority. Committed amounts cannot be used for any other purpose unless the Board of Directors modifies or rescinds the commitment by resolution.

Assigned - Amounts constrained for specific purposes that are internally imposed. In governmental funds other than the General fund, assigned fund balance represents all remaining amounts that are not classified as nonspendable and are neither restricted nor committed. In the General fund, assigned amounts represent intended uses established by the Board of Directors itself or by an official to which the Board of Directors delegates the authority. The Board of Directors has adopted a fund balance policy which delegates the authority to assign amounts for specific purposes to the Executive Director or accountant.

Unassigned - The residual classification for the General fund and also negative residual amounts in other funds.

The Academy considers restricted amounts to be spent first when both restricted and unrestricted fund balance is available. Additionally, the Academy would first use committed, then assigned, and lastly unassigned amounts of unrestricted fund balance when expenditures are made.

The Academy has formally adopted a fund balance policy. The Academy's policy is to maintain a minimum general fund unrestricted fund balance of 25 percent of the annual General fund expenditures.

St. Cloud, Minnesota Notes to the Financial Statements June 30, 2025

Note 1: Summary of Significant Accounting Policies (Continued)

Net Position

Net position represents the difference between assets and deferred outflows and liabilities and deferred inflows. Net position is displayed in three components:

- a. Net investment in capital assets Consists of capital assets, net of accumulated depreciation reduced by any outstanding debt attributable to acquire capital assets.
- b. Restricted net position Consists of net position balances restricted when there are limitations imposed on their use through external restrictions imposed by creditors, grantors, laws or regulations of other governments.
- c. Unrestricted net position All other net position balances that do not meet the definition of "restricted" or "net investment in capital assets".

When both restricted and unrestricted resources are available for use, it is the Academy's policy to use restricted resources first, then unrestricted resources as they are needed.

Note 2: Stewardship, Compliance and Accountability

Budgetary Information

The budget for each fund is prepared on the same basis of accounting as the financial statements. Prior to July 1, the School Board adopts an annual budget for the following fiscal year for the General fund and the Food Service special revenue fund. There has not been a budget adopted for the Building Company special revenue fund as it is not legally required. The General fund budget was amended during the current fiscal year. The amendment had an increase of \$66,482 in revenues and an increase in expenditures of \$82,344. The Food Service fund budget was amended during the current fiscal year. Both revenues and expenditures increased \$18,036 from the original budget.

The Academy follows these procedures in establishing the budgetary data reflected in the financial statements:

- 1. Prior to July 1, the budget is prepared by the Executive Director and Contract Accountant to be adopted by the Board.
- 2. A budget for the General fund and Food Service fund are adopted on a basis consistent with generally accepted accounting principles.
- 3. Budgeted amounts are as amended (if applicable).
- 4. Budget appropriations lapse at year end.
- 5. The legal level of control is at the fund level.
- 6. The Academy does not use encumbrance accounting.

St. Cloud, Minnesota Notes to the Financial Statements June 30, 2025

Note 3: Detailed Notes on All Funds

A. Deposits and Investments

Deposits

Custodial credit risk for deposits and investments is the risk that in the event of a bank failure, the Academy's deposits and investments may not be returned or the Academy will not be able to recover collateral securities in the possession of an outside party. In accordance with Minnesota statutes and as authorized by the Board of Directors, the Academy maintains deposits at depository banks that are members of the Federal Reserve System.

Minnesota statutes require that all Academy deposits be protected by insurance, surety bond or collateral. The fair value of collateral pledged must equal 110 percent of the deposits not covered by insurance, bonds, or irrevocable standby letters of credit from Federal Home Loan Banks.

Authorized collateral in lieu of a corporate surety bond includes:

- United States government Treasury bills, Treasury notes, Treasury bonds.
- Issues of United States government agencies and instrumentalities as quoted by a recognized industry quotation service available to the government entity.
- General obligation securities of any state or local government with taxing powers which is rated "A" or better by a national bond rating service, or revenue obligation securities of any state or local government with taxing powers which is rated "AA" or better by a national bond rating service.
- General obligation securities of a local government with taxing powers may be pledged as collateral against funds deposited by that same local government entity.
- Irrevocable standby letters of credit issued by Federal Home Loan Banks to a municipality accompanied by
 written evidence that the bank's public debt is rated "AA" or better by Moody's Investors Service, Inc., or Standard
 & Poor's Corporation; and
- Time deposits that are fully insured by any federal agency.

Minnesota statutes require that all collateral shall be placed in safekeeping in a restricted account at a Federal Reserve Bank, or in an account at a trust department of a commercial bank or other financial institution that is not owned or controlled by the financial institution furnishing the collateral. The selection should be approved by the Academy.

At year end, the Academy's carrying amount of deposits was \$2,705,208 and the bank balance was \$2,814,648. The bank balance was fully covered by federal depository insurance or NCUA.

St. Cloud, Minnesota Notes to the Financial Statements June 30, 2025

Note 3: Detailed Notes on All Funds (Continued)

Investments

As of June 30, 2025, the Academy had the following investments that are insured or registered, or securities held by the Academy's agent in the Academy's name:

	Credit	Segmented	Fair Value
	Quality/	Time	and Carrying
Types of Investments	Ratings (1)	Distribution (2)	Amount
Non-pooled Investments			
Brokered Money Market Accounts	NA	less than one year	\$ 1,681,347

- Ratings are provided by various credit rating agencies where applicable to indicate association credit risk.
- (2) Interest rate risk is disclosed using the segmented time distribution method.
- N/A Indicates not applicable or available.

The investments of the Academy are subject to the following risks:

- Credit Risk. Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its
 obligations. Ratings are provided by various credit rating agencies and where applicable, indicate associated
 credit risk. Minnesota statutes limit the Academy's investments to the list on page 37 of the notes.
- Custodial Credit Risk. The custodial credit risk for investments is the risk that, in the event of the failure of the
 counterparty to a transaction, a government will not be able to recover the value of investment or collateral
 securities that are in the possession of an outside party.
- Concentration of Credit Risk. Concentration of credit risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer.
- Interest Rate Risk. Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment.

The Academy does not have policies in place to address the above risks. The Academy has the following recurring fair value measurement as of June 30, 2025: Brokered money markets of are valued using quoted market prices (Level 1 inputs).

A reconciliation of cash and temporary investments for the Academy is as follows:

Carrying amount of deposits Investments	\$ 2,705,208 1,681,347
Total	\$ 4,386,555
Cash and temporary investments Unrestricted Restricted	\$ 2,705,208 1,681,347
Total	\$ 4,386,555

St. Cloud, Minnesota Notes to the Financial Statements June 30, 2025

Note 3: Detailed Notes on All Funds (Continued)

B. Capital Assets

Capital asset activity for the year ended June 30, 2025 was as follows:

	Beginning Balance	Reclassification Increases		Decreases	Ending Balance	
Governmental Activities Capital Assets not Being Depreciated Building Company Land	\$ 2,903,479	\$ -	\$ -	\$ -	\$ 2,903,479

Note 3: Detailed Notes on All Funds (Continued)

C. Interfund, Receivables, Payables and Transfers

Interfund Transfers

There was one transfer for \$3,569 from the general fund to the food service fund to reimburse the general fund for prior year expenses.

Interfund Balances

Due to/from funds represent reclassifications of temporary cash deficits in individual fund and other short-term loans expected to be repaid within one year. The amount owing between funds represents reclassification of temporary cash deficits and short-term loans. At year end, the balances were as follows:

Receivable Fund	Payable Fund	 Amount
Primary Government		
General	Building Company	\$ 976,746

D. Long-term Liabilities

Lease Revenue Bonds

The following bonds were issued to finance the acquisition of the Stride Academy Building Company (Building Company) education facility, leased by the Academy. They will be repaid from future revenues received by the Academy from the State of Minnesota with respect to General Education Funding, Lease Aid, or any other funding sources, net of specified operating costs. The total pledged revenue reported by the Academy for the year ended June 30, 2025 amounted to \$5,654,311 of which \$1,313,250 or 23.23 percent was remitted during the current year as lease payments to the Building Company, or was due to the Building Company at the end of the current year and reported as due to other funds.

Description	Authorized	Interest		Issue	Maturity	Balance at	
	and Issued	Rate		Date	Date	Year End	
Charter School Lease Revenue, Series 2016A	\$ 16,690,000	3.0 - 5.0	%	04/15/16	04/01/46	\$ 13,965,000	

Annual debt service requirements to maturity for the bonds are as follows:

Year Ending		Lease Revenue Bonds					
June 30,	Principal		Interest		Total		
2026 2027	\$ 395,000 410,000	•	693,313 678,500	\$	1,088,313 1,088,500

Note 3: Detailed Notes on All Funds (Continued)

Loans Payable

To preserve financial flexibility, the Charter School entered into a promissory note agreement with the Choice Financial Group in the amount of \$812,500 on December 18, 2022. The Note is secured by the Mortgage on certain real and personal property owned by Borrower located in the City of St. Cloud, Stearns County, Minnesota, plus certain other security agreements and guaranties, all of even date herewith. Disbursements of the principal of this Note will be made pursuant to (i) finance a portion of the purchase price of the Premises, and (ii) pay certain closing costs in connection with the transaction contemplated by the Agreement. The Academy is required to make monthly payments and the remaining unpaid principal is due on the maturity date.

The Academy also entered into a promissory note agreement with the Propel Nonprofits in the amount of \$664,236 on November 4, 2022. The payment of the Note is secured by mortgage. The Academy is required to make monthly payments and the remaining unpaid principal is due on the maturity date. Information for the loans is outlined below.

Description	Authorized and Issued		Interest Rate		Issue Date	Maturity Date	Balance at Year End	
Promissory Note Promissory Note	\$	812,500 664,236	6.41 5.5	% %	12/18/22 11/04/22	11/18/27 11/16/27	\$	778,558 633,402
Total							\$	1,411,960

Annual debt service requirements to maturity for the loans payable are as follows:

Year Ending	Loans Payable							
June 30,	Princip	oal	Interest	Total				
2026	\$ 30	0,069 \$	84,624	\$	114,693			
2027	3.	1,789	82,904		114,693			
2028	1,350	0,102	13,773		1,363,875			
Total	\$ 1,41	1,960 \$	181,301	\$	1,593,261			

Changes in Long-term Liabilities

Long-term liability activity for the year ended June 30, 2025 was as follows:

	Beginning Balance		Increases Decreases		Ending Balance		Due Within One Year		
Governmental Activities Bonds Payable Bond Premium Loans Payable Compensated Absences*	\$	14,345,000 88,320 1,441,513 81,644	\$	- - - 29,940	\$ (380,000) (4,068) (29,553)	\$	13,965,000 84,252 1,411,960 111,584	\$	395,000 - 30,069 111,584
Governmental Activities Long-term Liabilities	\$	15,956,477	\$	29,940	\$ (413,621)	\$	15,572,796	\$	536,653

^{*} Change in compensated absences is presented net in accordance with GASB Statement No. 101.

St. Cloud, Minnesota Notes to the Financial Statements June 30, 2025

Note 3: Detailed Notes on All Funds (Continued)

E. Lease Commitments

On April 1, 2016, the Academy entered into an operating lease with the STRIDE Academy Building Company. Under the terms of the lease agreement, the lease term ends thirty years later or June 30, 2046. The net annual base rent for the term of the lease agreement is directly tied to the debt service requirements of the STRIDE Academy Building Company. In addition, the Academy is responsible for all operating costs including maintenance and utility costs.

The following is a summary of future minimum lease payments:

Year Ending	Amount
June 30,	Amount
2026	\$ 1,181,359
2027	1,143,875
2028	1,143,125
2029	1,142,625
2030	1,144,813
2031 - 2035	5,725,251
2036 - 2040	5,720,564
2041 - 2044	4,580,439
Total Minimum Lease Payments	\$ 21,782,051

St. Cloud, Minnesota Notes to the Financial Statements June 30, 2025

Note 4: Defined Benefit Pension Plans - Statewide

A. Teacher Retirement Association (TRA)

1. Plan Description

The Teachers Retirement Association (TRA) is an administrator of a multiple employer, cost-sharing, defined benefit retirement fund. TRA administers a Basic Plan (without Social Security coverage) and a Coordinated Plan (with Social Security coverage) in accordance with Minnesota Statutes, Chapters 354 and 356. TRA is a separate statutory entity and administered by a Board of Trustees. The Board consists of four active members, one retired member, and three statutory officials.

Educators employed in Minnesota's public elementary and secondary school, charter schools, and certain other TRA-covered educational institutions maintained by the state are required to be TRA members (except those employed by St. Paul schools or Minnesota State Colleges and Universities). Educators first hired by Minnesota State may elect either TRA coverage within one year of eligible employment or elect coverage through the Defined Contribution Retirement Plan (DCR) administered by Minnesota State. A teacher employed by Minnesota State and electing DCR plan is not a member of TRA except for purposes of social security coverage.

2. Benefits Provided

TRA provides retirement benefits as well as disability benefits to members, and benefits to survivors upon death of eligible members. Benefits are established by Minnesota Statute and vest after three years of service credit. The defined retirement benefits are based on a member's highest average salary for any consecutive 60 months of formula service, age and years of formula service credit at termination of service. TRA members belong to either the Basic or Coordinated Plan.

Two methods are used to compute benefits for TRA's Coordinated and Basic Plan members. Members first employed before July 1, 1989, receive the greater of the Tier I or Tier II benefits as described.

Tier I:	Step Rate Formula	Percentage
Basic	First ten years of service	2.2 percent per year
	All years after	2.7 percent per year
Coordinated	First ten years if service years are prior to July 1, 2006	1.2 percent per year
	First ten years if service years are July 1, 2006 or after	1.4 percent per year
	All other years of service if service years are prior to July 1, 2006	1.7 percent per year
	All other years of service if service years are July 1, 2006 or after	1.9 percent per year

With these provisions:

- 1. Retirement age is 65 with less than 30 years of allowable service and age 62 with 30 or more years of allowable service.
- 2. Three percent per year early retirement reduction factor for all years under normal retirement age.
- 3. Unreduced benefits for early retirement under a Rule-of-90 (age plus allowable service equals 90 or more).

or

St. Cloud, Minnesota Notes to the Financial Statements June 30, 2025

Note 4: Defined Benefit Pension Plans - Statewide (Continued)

For years of service prior to July 1, 2006, a level formula of 1.7% per year for coordinated members and 2.7% per year for basic members is applied. For years of service July 1, 2006 and after, a level formula of 1.9% per year for coordinated members and 2.7% per year for Basic members applies. An early retirement reduction is applied to members retiring prior to age 65. Members who reach age 62 with 30 years of service have a lower (more favorable to the member) reduction rate applied.

Tier II:

Members first employed after June 30, 1989, receive only the Tier II benefit calculation with a normal retirement age that is their retirement age for full Social Security retirement benefits, but not to exceed age 66. After July 1, 2024, the age will change to not to exceed 65. An early retirement reduction is applied to members retiring before age 66, but will be age 65 after July 1, 2024. Members who reach age 62 with 30 years of service have a lower (more favorable to the member) early retirement reduction rate applied.

Six different types of annuities are available to members upon retirement. The No Refund Plan is a lifetime annuity that ceases upon the death of the retiree – no survivor annuity is payable. A retiring member may also choose to provide survivor benefits to a designated beneficiary(ies) by selecting one of the five plans that have survivorship features. Vested members may also leave their contributions in the TRA Fund upon termination of service in order to qualify for a deferred annuity at retirement age. Any member terminating service is eligible for a refund of their employee contributions plus interest.

The benefit provisions stated apply to active plan participants. Vested, terminated employees who are entitled to benefits but not yet receiving them are bound by the plan provisions in effect at the time they last terminated their public service.

3. Contributions

Per Minnesota Statutes, Chapter 354 sets the contribution rates for employees and employers. Rates for the fiscal year 2025 for coordinated were 7.75% for the employee and 8.75% for the employer. Basic rates were 11.25% for the employee and 12.75% for the employer. The Academy's contributions to TRA for the plan's fiscal year ended June 30, 2025, 2024, and 2023 were \$347,592, \$288,776, and \$245,445. The Academy's contributions were equal to the required contributions for each year as set by state statute.

4. Actuarial Assumptions

The total pension liability in the July 1, 2024 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement.

St. Cloud, Minnesota Notes to the Financial Statements June 30, 2025

Note 4: Defined Benefit Pension Plans - Statewide (Continued)

Key Methods and Assumptions Used in Valuation of Total Pension Liability

Actuarial Information Experience Studies	August 2, 2023 (demographic and economic assumptions)
Actuarial Cost Method	Entry Age Normal
Actuarial Assumptions Investment Rate of Return Price Inflation Wage Growth Rate	7.00% 2.50% 2.85% before July 1, 2028 and
Projected Salary Increase	3.25% after June 30, 2028 2.85 to 8.85% before July 1, 2028 and 3.25% to 9.25% after June 30, 2028
Cost of Living Adjustment	1% for January 2019 through January 2023, then Increasing by 0.1% each year up to 1.5% annually
Mortality Assumption	
Pre-retirement	PubT-2010(A) Employee Mortality Table, male rates set forward 1 year and female rates unadjusted. Generational projection uses the MP-2021 scale.
Healthy Retirees	PubT-2010 (A) Retiree Mortality Table, male rates set forward 1 year and female rates unadjusted. Generational projection uses the MP-2021 scale.
Beneficiaries	Pub-2010 (A) Contingent Survivor Mortality Table, male rates set forward 1 year and female rates unadjusted. Generational projection uses the MP-2021 scale.
Disabled Retirees	PubNS-2010 Disabled Retiree Mortality Table, male rates set forward 1 year and female rates unadjusted. Generational projection uses the MP-2021 scale.

^{*}The assumptions prescribed are based on the experience study dated August 2, 2023. For GASB 67 purposes, the long-term rate of return assumptions is selected by TRA management in consultation with actuary.

The long-term expected rate of return on pension plan investments was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Long-term Expected Real Rate of Return
Domestic Equity	33.5 %	5.10 %
International Equity	16.5	5.30
Fixed Income	25.0	0.75
Private Markets	25.0	5.90
Total	<u>%</u>	

St. Cloud, Minnesota Notes to the Financial Statements June 30, 2025

Note 4: Defined Benefit Pension Plans - Statewide (Continued)

Changes in the actuarial assumptions since the 2022 valuation:

- Mortality tables were updated for active employees, retirees, disabled retirees, and contingent beneficiaries to recently published tables derived from public plan data known as the Pub2010 family.
- Retirement rates were increased for some of the Tier II early retirement ages and some of the unreduced retirement rates were modified for both tiers to better align with actual experience.
- Probability that new female retirees elect either the Straight Life Annuity or 100% Joint & Survivor Annuity were refined to reflect the actual experience.
- Termination rates were reduced in the first 10 years of employment and slightly increased in years 16 to 25 to better match the observed experience.
- Disability rates were decreased beyond age 45 by 15% to reflect the continued lower than expected observations.

5. Discount Rate

The discount rate used to measure the total pension liability was 7%. There was no change in the discount rate since the prior measurement date. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the fiscal year 2024 contribution rate, contributions from school districts will be made at contractually required rates (actuarially determined), and contributions from the state will be made at current statutorily required rates. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

6. Net Pension Liability

On June 30, 2025, The Academy reported a liability of \$3,164,452 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2024, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2024. The Academy's proportion of the net pension liability was based on the Academy's contributions to TRA in relation to total system contributions including direct aid from the State of Minnesota, City of Minneapolis and Minneapolis School District. The Academy's proportionate share was 0.0498% at the end of the measurement period and 0.0452% for the beginning of the year.

The pension liability amount reflected a reduction due to direct aid provided to TRA. The amount recognized by the Academy as its proportionate share of the net pension liability, the direct aid, and total portion of the net pension liability that was associated with the Academy were as follows:

Academy's Proportionate Share of Net Pension Liability State's Proportionate Share of Net Pension Liability Associated with the Academy		3,164,452 193,967
Total	\$	3,358,419

For the year ended June 30, 2025, the Academy recognized pension expense of \$358,008. It also recognized \$13,470 as an decrease to pension expense for the support provided by direct aid.

During the plan year ended June 30, 2024, the State of Minnesota contributed \$176 million to the Fund. The State of Minnesota is not included as a non-employer contributing entity in the plan pension allocation schedules for the \$176 million in direct state aid because this contribution was not considered to meet the definition of a special funding situation. The Academy recognized \$87,731 for the year ended June 30, 2025 as revenue and an offsetting reduction of net pension liability for its proportionate share of the State of Minnesota's on-behalf contributions to the Fund.

St. Cloud, Minnesota Notes to the Financial Statements June 30, 2025

Note 4: Defined Benefit Pension Plans - Statewide (Continued)

On June 30, 2025, the Academy reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	C	Deferred Outflows Resources	Ī	Peferred Inflows Resources
Differences Between Expected and Actual Economic Experience	\$	145,812	\$	37,594
Changes in Actuarial Assumptions		267,137		540,178
Net Difference Between Projected and Actual Investment Earnings		-		164,298
Changes in Proportion		316,488		-
Contributions Paid to PERA Subsequent to the Measurement Date		347,592		
Total	<u>\$</u>	1,077,029	\$	742,070

The \$347,592 reported as deferred outflows of resources related to pensions resulting from Academy Contributions subsequent to the measurement date will be recognized as a reduction in the net pension liability in the year ending June 30, 2026. Other amounts reported as deferred outflows of resources and (deferred inflows of resources) will be recognized in pension expense as follows:

2026	\$ (152,877)
2027	255,256
2028	126,441
2029	(128,280)
2030	(97,169)
Thereafter	(16,004)

7. Pension Liability Sensitivity

The following presents the net pension liability of TRA calculated using the discount rate of 7%, as well as what the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6%) or one percentage point higher (8%) than the current rate (preparer instructions: multiply the allocation % by TRA's sensitivity footnote info).

	Academy's Proportionate Share of NPL			
	1 Percent		1 Percent	
	Decrease (6%)	Current (7%)	Increase (8%)	
Teachers Retirement Association	\$ 5,572,785	\$ 3,164,452	\$ 1,914,347	

8. Pension Plan Fiduciary Net Position

Detailed information about the plan's fiduciary net position is available in a separately-issued TRA financial report. That report can be obtained at https://minnesotatra.org, by writing to TRA at 60 Empire Drive, Suite 400, St. Paul, MN, 55103-4000; or by calling 651-296-2409 or 800-657-3669.

St. Cloud, Minnesota Notes to the Financial Statements June 30, 2025

Note 4: Defined Benefit Pension Plans - Statewide (Continued)

B. Public Employees Retirement Association (PERA)

1. Plan Description

The Academy participates in the following cost-sharing multiple-employer defined benefit pension plans administered by the Public Employees Retirement Association of Minnesota (PERA). These plan provisions are established and administered according to Minnesota Statutes chapters 353, 353D, 353E, 353G, and 356. Minnesota Statutes chapter 356 defines each plan's financial reporting requirements. PERA's defined benefit pension plans are tax qualified plans under Section 401(a) of the Internal Revenue Code.

General Employees Retirement Plan (General Plan)

Membership in the General Plan includes employees of counties, cities, townships, schools in non-certified positions, and other governmental entities whose revenues are derived from taxation, fees, or assessments. Plan membership is required for any employee who is expected to earn more than \$425 in a month, unless the employee meets exclusion criteria.

2. Benefits Provided

PERA provides retirement, disability, and death benefits. Benefit provisions are established by state statute and can only be modified by the state Legislature. Vested, terminated employees who are entitled to benefits, but are not receiving them yet, are bound by the provisions in effect at the time they last terminated their public service. When a member is "vested," they have earned enough service credit to receive a lifetime monthly benefit after leaving public service and reaching an eligible retirement age. Members who retire at or over their Social Security full retirement age with at least one year of service qualify for a retirement benefit.

General Employees Plan Benefits

General Employees Plan requires three years of service to vest. Benefits are based on a member's highest average salary for any five successive years of allowable service, age, and years of credit at termination of service. Two methods are used to compute benefits for General Plan members. Members hired prior to July 1, 1989, receive the higher of the Step or Level formulas. Only the Level formula is used for members hired after June 30, 1989. Under the Step formula, General Plan members receive 1.2 percent of the highest average salary for each of the first 10 years of service and 1.7 percent for each additional year. Under the Level formula, General Plan members receive 1.7 percent of highest average salary for all years of service. For members hired prior to July 1, 1989 a full retirement benefit is available when age plus years of service equal 90 and normal retirement age is 65. Members can receive a reduced requirement benefit as early as age 55 if they have three or more years of service. Early retirement benefits are reduced by .25 percent for each month under age 65. Members with 30 or more years of service can retire at any age with a reduction of 0.25 percent for each month the member is younger than age 62. The Level formula allows General Plan members to receive a full retirement benefit at age 65 if they were first hired before July 1, 1989 or at age 66 if they were hired on or after July 1, 1989. Early retirement begins at age 55 with an actuarial reduction applied to the benefit.

Benefit increases are provided to benefit recipients each January. The postretirement increase is equal to 50 percent of the cost-of-living adjustment (COLA) announced by the SSA, with a minimum increase of at least 1 percent and a maximum of 1.5 percent. The 2024 annual increase was 1.5 percent. Recipients that have been receiving the annuity or benefit for at least a full year as of the June 30 before the effective date of the increase will receive the full increase. Recipients receiving the annuity or benefit for at least one month but less than a full year as of the June 30 before the effective date of the increase will receive a prorated increase.

St. Cloud, Minnesota Notes to the Financial Statements June 30, 2025

Note 4: Defined Benefit Pension Plans - Statewide (Continued)

3. Contributions

Minnesota Statutes chapters 353, 353E, 353G, and 356 set the rates for employer and employee contributions. Contribution rates can only be modified by the state Legislature.

General Employees Fund Contributions

General Plan members were required to contribute 6.50 percent of their annual covered salary in fiscal year 2025 and the Academy was required to contribute 7.50 percent for Coordinated Plan members. The Academy's contributions to the General Employees Fund for the years ending June 30, 2025, 2024 and 2023, were \$74,055, \$69,694 and \$52,993, respectively. The Academy's contributions were equal to the required contributions for each year as set by state statute.

4. Pension Costs

General Employees Fund Pension Costs

At June 30, 2025, the Academy reported a liability of \$405,907 for its proportionate share of the General Employees Fund's net pension liability. The Academy's net pension liability reflected a reduction due to the State of Minnesota's contribution of \$16 million. The State of Minnesota is considered a non-employer contributing entity and the state's contribution meets the definition of a special funding situation. The State of Minnesota's proportionate share of the net pension liability associated with the Academy totaled \$10,496.

Academy's Proportionate Share of Net Pension Liability State's Proportionate Share of Net Pension Liability Associated with the Academy	\$ 405,907 10,496
Total	\$ 416,403

The net pension liability was measured as of June 30, 2025, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The Academy's proportion of the net pension liability was based on the Academy's contributions received by PERA during the measurement period for employer payroll paid dates from July 1, 2024 through June 30, 2025, relative to the total employer contributions received from all of PERA's participating employers. The Academy's proportionate share was 0.011 percent at the end of the measurement period and 0.0089 percent for the beginning of the period.

For the year ended June 30, 2025, the Academy recognized pension expense of \$62,841 for its proportionate share of the General Employees Plan's pension expense. In addition, the Academy recognized an additional \$281 as pension expense (and grant revenue) for its proportionate share of the State of Minnesota's contribution of \$16 million to the General Employees Fund.

During the plan year ended June 30, 2025, the State of Minnesota contributed \$170.1 million to the General Employees Fund. The State of Minnesota is not included as a non-employer contributing entity in the General Employees Plan pension allocation schedules for the \$170.1 million in direct state aid because this contribution was not considered to meet the definition of a special funding situation. The Academy recognized \$18,675 for the year ended June 30, 2025 as revenue and an offsetting reduction of net pension liability for its proportionate share of the State of Minnesota's on-behalf contributions to the General Employees Fund.

St. Cloud, Minnesota Notes to the Financial Statements June 30, 2025

Note 4: Defined Benefit Pension Plans - Statewide (Continued)

At June 30, 2025, the Academy reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	0	eferred utflows Resources	Ī	Deferred Inflows Resources
Differences Between Expected and Actual Economic Experience	Ś	35.839	Ś	_
Changes in Actuarial Assumptions	·	1,661	•	215,381
Net Difference Between Projected and Actual Investment Earnings		, -		38,879
Changes in Proportion		87,215		· -
Contributions Paid to PERA Subsequent to the Measurement Date		74,055		-
Total	\$	198,770	\$	254,260

The \$74,055 reported as deferred outflows of resources related to pensions resulting from the Academy's contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2026. Other amounts reported as deferred outflows and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

2026	\$ (93,640)
2027	(490)
2028	(25,055)
2029	(10,360)

5. Long-Term Expected Return on Investment

The State Board of Investment, which manages the investments of PERA, prepares an analysis of the reasonableness on a regular basis of the long-term expected rate of return using a building-block method in which best-estimate ranges of expected future rates of return are developed for each major asset class. These ranges are combined to produce an expected long-term rate of return by weighting the expected future rates of return by the target asset allocation percentages. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Long-term Expected Real Rate of Return	
Domestic Equity	33.5 %	5.10 %	
International Equity	16.5	5.30	
Fixed Income	25.0	0.75	
Private Markets	25.0	5.90	
Total	100.0_%		

St. Cloud, Minnesota Notes to the Financial Statements June 30, 2025

Note 4: Defined Benefit Pension Plans - Statewide (Continued)

6. Actuarial Assumptions

The total pension liability for each of the cost-sharing defined benefit plans was determined by an actuarial valuation as of June 30, 2024, using the entry age normal actuarial cost method. The long-term rate of return on pension plan investments used to determine the total liability is 7%. The 7% assumption is based on a review of inflation and investment return assumptions from a number of national investment consulting firms. The review provided a range of investment return rates considered reasonable by the actuary. An investment return of 7% is within that range.

Inflation is assumed to be 2.25% for the General Employees Plan. Benefit increases after retirement are assumed to be 1.25% for the General Employees Plan.

Salary growth assumptions in the General Employees Plan range in annual increments from 10.25% after one year of service to 3% after 27 years of service. Mortality rates for the General Employees Plan are based on the Pub-2010 General Employee Mortality Table.

Actuarial assumptions for the General Employees Plan are reviewed every four years. The General Employees Plan was last reviewed in 2023. The assumption changes were adopted by the board and became effective with the July 1, 2024 actuarial valuation.

The following changes in actuarial assumptions and plan provisions occurred in 2024:

General Employees Fund

Changes in Actuarial Assumptions

- Rates of merit and seniority were adjusted, resulting in slightly higher rates.
- Assumed rates of retirement were adjusted as follows: increase the rate of assumed unreduced retirements, slight adjustments to Rule of 90 retirement rates, and slight adjustments to early retirement rates for Tier 1 and Tier 2 members.
- Minor increase in assumed withdrawals for males and females.
- Lower rates of disability.
- Continued use of Pub-2010 general mortality table with slight rate adjustments as recommended in the most recent experience study.
- Minor changes to form of payment assumptions for male and female retirees.
- Minor changes to assumptions made with respect to missing participant data.

Changes in Plan Provisions

-The workers' compensation offset for disability benefits was eliminated. The actuarial equivalent factors updated to reflect the changes in assumptions.

7. Discount Rate

The discount rate used to measure the total pension liability in 2024 was 7.0 percent. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and employers will be made at rates set in Minnesota Statutes. Based on these assumptions, the fiduciary net position of the General Employees Plans were projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

St. Cloud, Minnesota Notes to the Financial Statements June 30, 2025

Note 4: Defined Benefit Pension Plans - Statewide (Continued)

8. Pension Liability Sensitivity

The following presents the Academy's proportionate share of the net pension liability for all plans it participates in, calculated using the discount rate disclosed in the preceding paragraph, as well as what the Academy's proportionate share of the net pension liability would be if it were calculated using a discount rate one percentage point lower or one percentage point higher than the current discount rate:

		Academy's Proportionate Share of NPL						
	1	1 Percent				1 Percent		
	Dec	rease (6%)	Cu	rrent (7%)	Increase (8%)			
General Employees Fund	\$	886,566	\$	405,907	\$	10,521		

9. Pension Plan Fiduciary Net Position

Detailed information about each pension plan's fiduciary net position is available in a separately issued PERA financial report that includes financial statements and required supplementary information. That report may be obtained on the Internet at www.mnpera.org.

St. Cloud, Minnesota Notes to the Financial Statements June 30, 2025

Note 5: Other Information

A. Risk Management

The Academy is exposed to various risks of loss related to torts: theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters for which the Academy carries commercial insurance. Settled claims have not exceeded this commercial coverage in any of the past three fiscal years. There were no significant reductions in insurance coverage in fiscal year 2025.

B. Contingencies

Amounts received or receivable from federal and state agencies are subject to agency audit and adjustment. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable fund. The amount, if any, of funds which may be disallowed by the agencies cannot be determined at this time although the Academy expects such amounts, if any, to be immaterial.

C. Economic Dependency

The Academy has a significant amount of revenue (77.75 percent) coming from the State of Minnesota.

D. Income Taxes

The Academy is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code. The Academy also qualifies as a tax-exempt organization under applicable statutes of the State of Minnesota.

Management believes that it is not reasonably possible for any tax position benefits to increase or decrease significantly over the next 12 months. As of June 30, 2025, there were no income tax related accrued interest or penalties recognized in either the statement of financial position or the statement of activities.

The Academy files informational returns in the U.S. federal jurisdiction, and in the Minnesota state jurisdiction. U.S. federal returns and Minnesota returns for the prior three fiscal years are closed. No returns are currently under examination in any tax jurisdiction.

Notes to the Required Supplementary Information - TRA

Changes in Actuarial Assumptions

2024

Mortality tables were updated for active employees, retirees, disabled retirees, and contingent beneficiaries to recently published tables derived from public plan data known as the Pub2010 family. Retirement rates were increased for some of the Tier II early retirement ages and some of the unreduced retirement rates were modified for both tiers to better align with actual experience. Probability that new female retirees elect either the Straight Life Annuity or 100% Joint & Survivor Annuity were refined to reflect the actual experience. Termination rates were reduced in the first 10 years of employment and slightly increased in years 16 to 25 to better match the observed experience. Disability rates were decreased beyond age 45 by 15% to reflect the continued lower than expected observations.

2023

The 2023 Tax Finance and Policy Bill, effective July 1, 2025 and The 2024 Omnibus Pensions and Retirement Bill contained a number of changes. The employer contribution rate will increase from 8.75% to 9.5% on July 1, 2025. The employee contribution rate will increase from 7.75% to 8% on July 1, 2025. The Normal Retirement Age (NRA) for active and eligible deferred Tier II members will be 65 effective July 1, 2024. TRA's amortization date will remain the same at 2048. The pension adjustment rate for school districts and the base budgets for Minnesota State, Perpich Center for Arts Education, and Minnesota Academies will increase to reflect the 0.75% employer contribution rate increase.

2022

No changes noted.

2021

The investment return assumption was changed from 7.50 percent to 7.00 percent.

2020

Assumed termination rates were changed to more closely reflect actual experience. The pre-retirement mortality assumption was changed to RP-2014 white collar employee table, male rates set back five years and female rates set back seven years. Generational projection uses the MP-2015 scale. Assumed form of annuity election proportions were changed to more closely reflect actual experience for female retirees.

2019

No changes noted.

2018

The mortality projection scale was changed from MP-2015 to MP-2017. The assumed benefit increase was changed from 1.00 percent per year through 2044 and 2.50 percent per year thereafter to 1.25 percent per year.

2017

The Combined Service Annuity (CSA) loads were changed from 0.8 percent for active members and 60 percent for vested and non-vested deferred members. The revised CSA loads are now 0.0 percent for active member liability, 15.0 percent for vested deferred member liability and 3.0 percent for non-vested deferred member liability. The assumed post-retirement benefit increase rate was changed from 1.0 percent per year for all years to 1.0 percent per year through 2044 and 2.5 percent per year thereafter.

2016

The assumed post-retirement benefit increase rate was changed from 1.0 percent per year through 2035 and 2.5 percent per year thereafter to 1.0 percent per year for all future years. The assumed investment return was changed from 7.9 percent to 7.5 percent. The single discount rate was changed from 7.9 percent to 7.5 percent. Other assumptions were changed pursuant to the experience study dated June 30, 2015. The assumed future salary increases, payroll growth and inflation were decreased by 0.25 percent to 3.25 percent for payroll growth and 2.50 percent for inflation.

2015

The cost of living adjustment was not assumed to increase to 2.5 percent but remain at 2.0 percent for all future years. The investment return assumption was changed from 8.25 percent to 8.00 percent.

Changes in Plan Provisions

2019 No ch

The 2018 Omnibus Pension Bill contained a number of changes: The COLA was reduced from 2.0% each January 1 to 1.0%, effective January 1, 2019. Beginning January 1, 2024, the COLA will increase 0.1% each year until reaching the ultimate rate of 1.5% in January 1, 2028. Beginning July 1, 2024, eligibility for the first COLA changes to normal retirement age (age 65 to 66, depending on date of birth). However, members who retire under Rule of 90 and members who are at least age 62 with 30 years of service credit are exempt. The COLA trigger provision, which would have increased the COLA to 2.5% if the funded ratio was at least 90% for two consecutive years, was eliminated. Augmentation in the early retirement reduction factors is phased out over a five-year period beginning July 1, 2019 and ending June 30, 2024 (this reduces early retirement benefits). Members who retire and are at least age 62 with 30 years of service are exempt. Augmentation on deferred benefits will be reduced to zero percent beginning July 1, 2019. Interest payable on refunds to members was reduced from 4.0% to 3.0%, effective July 1, 2018. Interest due on payments and purchases from members, employers is reduced from 8.5% to 7.5%, effective July 1, 2018. The employer contribution rate is increased each July 1 over the next 6 years, (7.71% in 2018, 7.92% in 2019, 8.13% in 2020, 8.34% in 2021, 8.55% in 2022, 8.75% in 2023). In addition, the employee contribution rate will increase from 7.50% to

2017

No changes noted.

2016

No changes noted.

2015

On June 30, 2015, the Duluth Teachers Retirement Fund Association was merged into TRA. This also resulted in a state-provided contribution stream of \$14.377 million until the System becomes fully funded.

7.75% on July 1, 2023. The state provides funding for the higher employer contribution rate through an adjustment in the school aid formula.

Required Supplementary Information (Continued) For the Year Ended June 30, 2025

Notes to the Required Supplementary Information - PERA

Changes in Actuarial Assumptions

2024

The following changes in assumptions are effective with the July 1, 2024 valuation, as recommended in the most recent experience study (dated June 29, 2023): Rates of merit and seniority were adjusted, resulting in slightly higher rates. Assumed rates of retirement were adjusted as follows: increase the rate of assumed unreduced retirements, slight adjustments to Rule of 90 retirement rates, and slight adjustments to early retirement rates for Tier 1 and Tier 2 members. Minor increase in assumed withdrawals for males and females. Lower rates of disability. Continued use of Pub-2010 general mortality table with slight rate adjustments as recommended in the most recent experience study. Minor changes to form of payment assumptions for male and female retirees. Minor changes to assumptions made with respect to missing participant data.

2023

The investment return and single discount rates were changed from 6.5 percent to 7.0 percent.

2022

The mortality improvement scale was changed from Scale MP-2020 to Scale MP-2021.

2021

The investment return and single discount rates were changed from 7.50 percent to 6.50 percent, for financial reporting purposes. The mortality improvement scale was changed from Scale MP-2019 to Scale MP-2020.

2020

The price inflation assumption was decreased from 2.50% to 2.25%. The payroll growth assumption was decreased from 3.25% to 3.00%. Assumed salary increase rates were changed as recommended in the June 30, 2019 experience study. The net effect is assumed rates that average 0.25% less than previous rates. Assumed rates of retirement were changed as recommended in the June 30, 2019 experience study. The changes result in more unreduced (normal) retirements and slightly fewer Rule of 90 and early retirements. Assumed rates of termination were changed as recommended in the June 30, 2019 experience study. The new rates are based on service and are generally lower than the previous rates for years 2-5 and slightly higher thereafter. Assumed rates of disability were changed as recommended in the June 30, 2019 experience study. The change results in fewer predicted disability retirements for males and females. The base mortality table for healthy annuitants and employees was changed from the RP-2014 table to the Pub-2010 General Mortality table, with adjustments. The base mortality table for disabled annuitants was changed from the RP-2014 disabled annuitant mortality table to the PUB-2010 General/Teacher disabled annuitant mortality table, with adjustments. The mortality improvement scale was changed from Scale MP-2018 to Scale MP-2019. The assumed spouse age difference was changed from two years older for females to one year older. The assumed number of married male new retirees electing the 100% Joint & Survivor option changed from 35% to 45%. The assumed number of married new retirees electing the Life annuity option was adjusted accordingly.

2019

The mortality projection scale was changed from MP-2017 to MP-2018.

2018

The mortality projection scale was changed from MP-2015 to MP-2017. The assumed benefit increase was changed from 1.00 percent per year through 2044 and 2.50 percent per year thereafter to 1.25 percent per year.

2017

The Combined Service Annuity (CSA) loads were changed from 0.8 percent for active members and 60 percent for vested and non-vested deferred members. The revised CSA loads are now 0.0 percent for active member liability, 15.0 percent for vested deferred member liability and 3.0 percent for non-vested deferred member liability. The assumed post-retirement benefit increase rate was changed from 1.0 percent per year for all years to 1.0 percent per year through 2044 and 2.5 percent per year thereafter.

2016

The assumed post-retirement benefit increase rate was changed from 1.0 percent per year through 2035 and 2.5 percent per year thereafter to 1.0 percent per year for all future years. The assumed investment return was changed from 7.9 percent to 7.5 percent. The single discount rate was changed from 7.9 percent to 7.5 percent. Other assumptions were changed pursuant to the experience study dated June 30, 2015. The assumed future salary increases, payroll growth and inflation were decreased by 0.25 percent to 3.25 percent for payroll growth and 2.50 percent for inflation.

2015

The assumed post-retirement benefit increase rate was changed from 1.0 percent per year through 2030 and 2.5 percent per year thereafter to 1.0 percent per year through 2035 and 2.5 percent per year thereafter.

St. Cloud, Minnesota

Required Supplementary Information (Continued) For the Year Ended June 30, 2025

Notes to the Required Supplementary Information - PERA (Continued)

Changes in Plan Provisions

2024

The workers' compensation offset for disability benefits was eliminated. The actuarial equivalent factors updated to reflect the changes in assumptions.

2023

An additional one-time direct state aid contribution of \$170.1 million will be contributed to the Plan on October 1, 2023. The vesting period of those hired after June 30, 2010, was changed from five years of allowable service to three years of allowable service. The benefit increase delay for early retirements on or after January 1, 2024 was eliminated. A one-time non-compounding benefit increase of 2.5 percent minus the actual 2024 adjustment will be payable in a lump sum for calendar year 2024 by March 31, 2024.

2022

There were no changes in plan provisions since the previous valuation.

2021

There were no changes in plan provisions since the previous valuation.

2020

Augmentation for current privatized members was reduced to 2.0% for the period July 1, 2020 through December 31, 2023 and 0.0% after. Augmentation was eliminated for privatizations occurring after June 30, 2020.

2019

The employer supplemental contribution was changed prospectively, decreasing from \$31.0 million to \$21.0 million per year. The state's special funding contribution was changed prospectively, requiring \$16.0 million due per year through 2031.

2018

The augmentation adjustment in early retirement factors is eliminated over a five-year period starting July 1, 2019, resulting in actuarial equivalence after June 30, 2024. Interest credited on member contributions decreased from 4.0 percent to 3.0 percent, beginning July 1, 2018. Deferred augmentation was changed to 0.0 percent, effective January 1, 2019. Augmentation that has already accrued for deferred members will still apply. Contribution stabilizer provisions were repealed. Postretirement benefit increases were changed from 1.0 percent per year with a provision to increase to 2.5 percent upon attainment of 90.0 percent funding ratio to 50.0 percent of the Social Security Cost of Living Adjustment, not less than 1.0 percent and not more than 1.5 percent, beginning January 1, 2019. For retirements on or after January 1, 2024, the first benefit increase is delayed until the retiree reaches normal retirement age; does not apply to Rule of 90 retirees, disability benefit recipients, or survivors. Actuarial equivalent factors were updated to reflect revised mortality and interest assumptions.

2017

The State's contribution for the Minneapolis Employees Retirement Fund equals \$16,000,000 in 2017 and 2018, and \$6,000,000 thereafter. The Employer Supplemental Contribution for the Minneapolis Employees Retirement Fund changed from \$21,000,000 to \$31,000,000 in calendar years 2019 to 2031. The state's contribution changed from \$16,000,000 to \$6,000,000 in calendar years 2019 to 2031.

2016

There were no changes in plan provisions since the previous valuation.

2015

On January 1, 2015, the Minneapolis Employees Retirement Fund was merged into the General Employees Fund, which increased the total pension liability by \$1.1 billion and increased the fiduciary plan net position by \$892 million. Upon consolidation, state and employer contributions were revised.

INDEPENDENT AUDITOR'S REPORT ON MINNESOTA LEGAL COMPLIANCE

Members of the Board of Directors STRIDE Academy Charter School No. 4142 St. Cloud, Minnesota

We have audited, in accordance with auditing standards generally accepted in the United States of America the financial statements of the governmental activities and each major fund of STRIDE Academy Charter School No. 4142 (the Academy), St. Cloud, Minnesota as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the Academy's basic financial statements, and have issued our report thereon dated November 4, 2025.

In connection with our audit, nothing came to our attention that caused us to believe that the Academy failed to comply with the provisions of the uniform financial accounting and reporting standards, and charter schools' sections of the *Minnesota Legal Compliance Audit Guide for Charter Schools*, promulgated by the State Auditor pursuant to Minn. Stat. § 6.65, insofar as they relate to accounting matters. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the Academy's noncompliance with the above referenced provisions, insofar as they relate to accounting matters.

The purpose of this report is solely to describe the scope of our testing of compliance and the results of that testing, and not to provide an opinion on compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Members of the Board of Directors STRIDE Academy Charter School No. 4142 St. Cloud, Minnesota

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of STRIDE Academy Charter School No. 4142 (the Academy), St. Cloud, Minnesota, as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the Academy's basic financial statements, and have issued our report thereon dated November 4, 2025.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Academy's internal control over financial reporting (internal control) as a basis for designing auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Academy's internal control. Accordingly, we do not express an opinion on the effectiveness of the Academy's internal control over.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Academy's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Academy's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Academy's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
